

DAS Delivers: Fleet Services NewsBrake

Department of Administrative Services – Empowering People · Collaboration · Customer Service

June 2022

Vehicle Ordering Update

Toyota is limiting the number of Camry and Corolla Hybrid orders and has allocated DAS a total of 10 Camry Hybrids and 10 Corolla Hybrids for the 2023 model year. These vehicles will be available on a first-come-first-served basis. Orders for Camrys opened June 1 and Corolla orders will open July 1. Please review your department's needs and contact Fleet Services if your department would like to reserve any of these vehicles. At this time pricing is not available and there is no estimated delivery date.

Risk Notification Policy

Please be aware, State drivers must report any potential liability, collision or comprehensive loss which occurs while conducting State business to the DAS Fleet Services Risk Manager within 24 hours of the occurrence. Failure to do so may result in the State driver's employing agency rather than the State self-insurance fund to pay for any losses. All documentation, such as proof of required class completion and insurance coverage, must be provided to the DAS Fleet Services Risk Manager (IAC [11-103.7](#)).

Vehicle Fun Facts

According to InflationData.com, in 1918 gasoline averaged \$.25 per gallon—adjusted for inflation that equals \$4.70 today!
