¹ A benefit period begins on the first day you receive services as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

² NOTICE: When your Medicare Part A hospital benefits are exhausted, the insurer stands in the place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days provided in the policy's "Basics Benefits." During that time, the hospital is prohibited from billing you for the balance on the difference between its billed charges and the amount Medicare would have been paid.

³ Once you have been billed for the first \$233 of Medicare-approved amounts for covered services, your Part B deductible will be met for the calendar year.

This is a general description of coverage. It is not a statement of contract. Actual coverage is subject to the terms and conditions specified in the Benefits Certificate and enrollment regulations in force when the Benefits Certificate becomes effective.
