**1.13.31 Delays or Impossibility of Performance**

Neither party shall be in default under the Contract if performance is prevented, delayed or made impossible to the extent that such prevention, delay, or impossibility is caused by a “force majeure.” The term “force majeure” as used in this Contract includes an event that no human foresight could anticipate or which if anticipated, is incapable of being avoided. Circumstances must be abnormal and unforeseeable, so that the consequences could not have been avoided through the exercise of all due care, such as acts of God, war, civil disturbance and other similar causes. The delay or impossibility of performance must be beyond the control and without the fault or negligence of the parties. “Force majeure” does not include: financial difficulties of the Contractor or any parent, subsidiary, affiliated or associated company of Contractor; claims or court orders that restrict Contractor’s ability to deliver the Deliverables contemplated by this Contract; strikes; labor unrest; or supply chain disruptions. If delay results from a subcontractor’s conduct, negligence or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract unless the subcontractor or supplier is prevented from timely performance by a “force majeure” as defined in this Contract. Comparability of performance and the possibility of comparable performance shall be determined solely by the Agency. The party seeking to exercise this provision and not perform or delay performance pursuant to a “force majeure” shall immediately notify the other party of the occurrence and reason for the delay. The parties shall make every effort to minimize the time of nonperformance and the scope of work not being performed due to the unforeseen events.
