Motor Pool Kiosk

DAS Fleet Services has completed a remodel of the Motor Pool self-check out area. Now you can access the key kiosk in a more comfortable, spacious area. Additionally, you can now use the RFID reader for quick check-ins. You'll no longer need to manually type your information into the kiosk system—simply swipe your State ID card (once you register it) or pick up an RFID card from Fleet Services if you do not currently have a State ID card. See the [Self-Register RFID Instructions](#) for the four-step process.

Vehicle Fun Facts:

According to nbcnews.com, Volkswagen sold more sausages in 2015 than it did vehicles. That's right, in 1973, Volkswagen invented its own sausage called "Volkswagen Currywurst." The sausages are made within the car manufacturing plant and the sausage package reads "genuine Volkswagen part." In 2015, VW sold 7.2 million sausages, compared to the company selling 5.82 million cars. VW now also offers a vegetarian sausage option.
