What is the intended benefit of the rule?

The intended benefit is to give the public, local libraries, and any branch of state government framework for organization of the State Library of Iowa.

Is the benefit being achieved? Please provide evidence.

The benefit has been achieved in that the State Library of Iowa relied on this chapter to provide a framework of the organization while it was part of the Department of Education before state government alignment.

What are the costs incurred by the public to comply with the rule?

Costs for information delivery for photocopy charges are the only costs incurred by the public.

What are the costs to the agency or any other agency to implement/enforce the rule?

Personnel costs would be present even without this task.

Do the costs justify the benefits achieved? Please explain.

The costs are justified as this is the course of business for the State Library of Iowa.

Are there less restrictive alternatives to accomplish the benefit? YES NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

These rules were specifically written to provide a basic framework for the State Library of Iowa.
