NOTICE OF PROTECTION PROVIDED BY IOWA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Iowa Life and Health Insurance Guaranty Association (the "Association") and the protection it provides for policyholders. This safety net was created under Iowa law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Iowa law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in cash surrender and withdrawal values

Health Insurance

- \$500,000 in basic hospital, medical-surgical or major medical insurance benefits
- \$300,000 in disability income protection insurance benefits
- \$300,000 in long-term care insurance benefits
- \$100,000 in other types of health insurance benefits

Annuities

- \$250,000 in annuity benefits, cash surrender and withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$350,000. Special rules may apply with regard to hospital, medical-surgical and major medical insurance benefits.

Note: Certain policies and contracts may not be covered or fully covered. If coverage is available, it will be subject to substantial limitations and exclusions. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements under Iowa law.

To learn more about the Association and the protections it provides, as well as those relating to group contracts or retirement plans, please visit the Association's website at www.ialifega.org, or contact:

Iowa Life and Health Insurance Guaranty Association 700 Walnut Street, Suite 1600 Des Moines, IA 50309 (515) 248-5712	Iowa Insurance Division 1963 Bell Avenue, Suite 100 Des Moines, IA 50315 (515) 654-6600
---	--

Information about the financial condition of insurers is available from a variety of sources, including financial rating agencies such as AM Best Company, Fitch Inc., Moody's Investors Service, Inc., and Standard & Poor's. That information may be accessed from the "Helpful Links & Information" page located on the website of the Iowa Insurance Division at www.iid.iowa.gov.

The Association is subject to supervision and regulation by the Commissioner of the Iowa Insurance Division. Persons who desire to file a complaint to allege a violation of the laws governing the Association may contact the Iowa Insurance Division. State law provides that any suit against the Association shall be brought in the Iowa District Court in Polk County, Iowa.

Insurance companies and agents are not allowed by Iowa law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance. When selecting an insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and Iowa law, then Iowa law will control.

About This Benefit Booklet

Contract

This benefit booklet describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this benefit booklet, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this benefit booklet at any time. Any amendment or modification will be in writing and will be as binding as this benefit booklet. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire booklet because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

Charts

Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the booklet. (References tell you to “see” a section or subject heading, such as, “See *Details – Covered and Not Covered*.” References may also include a page number.)

Complete Information

Very often, complete information on a subject requires you to consult more than one section of the booklet. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the *Choosing a Provider* section), certain notification requirements if applicable to your group health plan (the *Notification Requirements and Care Coordination* section), and considerations of eligibility (the *Coverage Eligibility and Effective Date* section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly

You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.

Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the benefit booklet, the words *services or supplies* refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

Questions

If you have questions about your group health plan, or are unsure whether a particular service or supply is covered, call the Customer Service number on your ID card.

1. What You Pay

This section is intended to provide you with an overview of your payment obligations under this group health plan. This section is not intended to be and does not constitute a complete description of your payment obligations. To understand your complete payment obligations you must become familiar with this entire benefit booklet, especially the *Factors Affecting What You Pay* and *Choosing a Provider* sections.

Provider Network

Under the medical benefits of this plan, your network of providers consists of PPO and Participating providers. All other providers are Out-of-Network Providers. Which provider type you choose will affect what you pay.

In-Network Providers

PPO Providers. These providers participate with the Wellmark Blue PPOSM network or with a Blue Cross and/or Blue Shield PPO network in another state or service area. You typically pay the least for services received from these providers. Throughout this benefit booklet we refer to these providers as PPO Providers.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with a PPO network. You typically pay more for services from these providers than for services from PPO Providers. Throughout this benefit booklet we refer to these providers as Participating Providers.

Out-of-Network Providers

Out-of-Network Providers. Out-of-Network Providers do not participate with Wellmark or any other Blue Cross and/or Blue Shield Plan. You typically pay the most for services from these providers. Throughout this benefit booklet we refer to these providers as Out-of-Network Providers.

Payment Summary

This chart summarizes your payment responsibilities. It is only intended to provide you with an overview of your payment obligations. It is important that you read this entire section and not just rely on this chart for your payment obligations.

You Pay
Deductible
\$250 per person
\$500 (maximum) per family*
Emergency Room Copayment
\$100
Coinsurance
10% for covered services received from PPO Providers.
20% for covered services received from Participating and Out-of-Network providers.
Out-of-Pocket Maximum
\$750 per person
\$1,500 (maximum) per family*

*Family amounts are reached from amounts accumulated on behalf of any combination of covered family members. A member will not be required to satisfy more than the single deductible before we make benefit payments for that member.

Payment Details

Deductible

This is a fixed dollar amount you pay for covered services in a benefit year before medical benefits become available.

The family deductible amount is reached from amounts accumulated on behalf of any combination of covered family members.

A member will not be required to satisfy more than the single deductible before we make benefit payments for that member.

Once you meet the deductible, then coinsurance applies.

Deductible amounts you pay during the last three months of a benefit year carry over as credits to meet your deductible for the next benefit year. These credits do not apply toward your out-of-pocket maximum.

Common Accident Deductible. When two or more covered family members are involved in the same accident and they receive covered services for injuries related to the accident, only one deductible amount will be applied to the accident-related services for all family members involved. However, you still need to satisfy the family (not the per person) out-of-pocket maximum.

When the No Surprises Act applies, you may not be required to satisfy your entire deductible before we make benefit payments, amounts you pay for items and services will accumulate toward your PPO deductible, and you may not be billed for more than the amount you would pay if the services had been provided by a Participating Provider. The No Surprises Act applies to emergency services at an Out-of-Network facility, items and services from Out-of-Network Providers related to visits to certain participating facilities, and Out-of-Network air ambulance services.

Deductible amounts are waived for some services. See *Waived Payment Obligations* later in this section.

Copayment

This is a fixed dollar amount that you pay each time you receive certain covered services.

Emergency Room Copayment.

The emergency room copayment:

- applies to emergency room services.
- is taken once per visit.
- is waived if you are admitted as an inpatient of a facility immediately following emergency room services.

Coinsurance

Coinsurance is an amount you pay for certain covered services. Coinsurance is calculated by multiplying the fixed percentage(s) shown earlier in this section times Wellmark's payment arrangement amount. Payment arrangements may differ depending on the contracting status of the provider and/or the state where you receive services. For details, see *How Coinsurance is Calculated*, page 53. Coinsurance amounts apply after you meet the deductible.

Wellmark does not have contracts with retail pharmacies. However, covered prescription drugs and medicines purchased from retail pharmacies are subject to the PPO coinsurance.

Coinsurance amounts are waived for some services. See *Waived Payment Obligations* later in this section.

Out-of-Pocket Maximum

The out-of-pocket maximum is the maximum amount you pay, out of your pocket, for most covered services in a benefit year. Many amounts you pay for covered services during a benefit year accumulate toward the out-of-pocket maximum. These amounts include:

- Deductible.
- Coinsurance.
- Emergency room copayments.

- Amounts you pay for covered prescription drugs.

The family out-of-pocket maximum is reached from applicable amounts paid on behalf of any combination of covered family members.

A member will not be required to satisfy more than the single out-of-pocket maximum.

However, certain amounts do not apply toward your out-of-pocket maximum.

- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 31.
- Difference in cost between the provider’s amount charged and our maximum allowable fee when you receive services from an Out-of-Network Provider.

These amounts continue even after you have met your out-of-pocket maximum.

When the No Surprises Act applies, amounts you pay for items and services will accumulate toward your PPO out-of-pocket maximum and you may not be billed for more than the amount you would pay if the services had been provided by a Participating Provider. The No Surprises

Act applies to emergency services at an Out-of-Network facility, items and services from Out-of-Network Providers related to visits to certain participating facilities, and Out-of-Network air ambulance services.

Benefits Maximums

Benefits maximums are the maximum benefit amounts that each member is eligible to receive.

Benefits maximums that apply per benefit year or per lifetime are reached from benefits accumulated under this group health plan and any prior group health plans sponsored by the State of Iowa and administered by Wellmark Blue Cross and Blue Shield of Iowa.

No Surprises Act

When the No Surprises Act applies, the amount you pay will be determined in accordance with the Act and you may not be billed for more than the amount you would pay if the services had been provided by a Participating Provider. The No Surprises Act applies to emergency services at an Out-of-Network facility, items and services from Out-of-Network Providers related to visits to certain participating facilities, and Out-of-Network air ambulance services.

Waived Payment Obligations

To understand your complete payment obligations you must become familiar with this entire benefit booklet. Most information on coverage and benefits maximums will be found in the *At a Glance – Covered and Not Covered* and *Details – Covered and Not Covered* sections.

Some payment obligations are waived for the following covered services.

Covered Service	Payment Obligation Waived
Ambulance services for treatment of mental health conditions and chemical dependency received from PPO Providers.	Deductible
Breast pumps (manual or non-hospital grade electric) purchased from a covered PPO or Participating home/durable medical equipment provider.	Deductible Coinsurance

Covered Service	Payment Obligation Waived
Breastfeeding support, supplies, and one-on-one lactation consultant services, including counseling and education, during pregnancy and/or the duration of breastfeeding when received from PPO or Participating providers.	Deductible Coinsurance
Contraceptive medical devices, such as intrauterine devices and diaphragms received from PPO or Participating providers.	Deductible Coinsurance
Contraceptive drugs and contraceptive drug delivery devices (e.g., birth control patches).	Deductible Coinsurance
Home health services for treatment of mental health conditions and chemical dependency received from PPO Providers.	Deductible
Implanted and injected contraceptives received from PPO or Participating providers.	Deductible Coinsurance
Independent laboratory services for treatment of mental health conditions and chemical dependency received from PPO Providers.	Deductible
Medical evaluations and counseling for nicotine dependence per U.S. Preventive Services Task Force (USPSTF) guidelines when received from PPO or Participating providers.	Deductible Coinsurance
Mental health conditions and chemical dependency treatment – office services received from PPO Providers.	Deductible
Mental health conditions and chemical dependency treatment – outpatient services received from PPO Providers.	Deductible
Newborn’s initial hospitalization, when considered normal newborn care – facility and practitioner services.	Deductible
Office and independent lab services received from PPO Providers. Some lab testing performed in the office may be sent to a provider that is not a PPO Provider for processing. When this happens, your deductible and coinsurance may apply.	Deductible
Postpartum home visit (one).**	Coinsurance
Prescription drugs and devices used to treat nicotine dependence, including over-the-counter drugs prescribed by a physician.	Deductible Coinsurance

Covered Service	Payment Obligation Waived
Preventive care, items, and services,* received from PPO or Participating providers, as follows: <ul style="list-style-type: none"> ■ Items or services with an “A” or “B” rating in the current recommendations of the United States Preventive Services Task Force (USPSTF); ■ Immunizations as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (ACIP); ■ Preventive care and screenings for infants, children, and adolescents provided for in guidelines supported by the Health Resources and Services Administration (HRSA); and ■ Preventive care and screenings for women provided for in guidelines supported by the HRSA. 	Deductible Coinsurance
Preventive digital breast tomosynthesis (3D mammogram) when received from PPO or Participating providers.	Deductible Coinsurance
Prosthetic limb devices received from PPO Providers.	Deductible
Services subject to emergency room copayment amounts.	Deductible Coinsurance
Telehealth services received from PPO practitioners and practitioners contracting through Doctor on Demand.‡	Deductible
Urgent care center services received from PPO Providers.	Deductible
Voluntary sterilization for female members received from PPO or Participating providers.	Deductible Coinsurance
Well-child care.	Deductible
X-ray and lab services billed by PPO facilities and interpretations by PPO practitioners when your practitioner sends you to the outpatient department of a PPO facility. The deductible is not waived for the following diagnostic imaging/studies and radiation therapy services including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs (magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing.	Deductible

*A complete list of recommendations and guidelines related to preventive services can be found at www.healthcare.gov. Recommended preventive services are subject to change and are subject to medical management. USPSTF “A” and “B” recommendations will be implemented no later than the first plan year that begins on or after the date that is one year after the USPSTF recommendations are issued. A USPSTF recommendation is

considered to be issued on the last day of the month on which it publishes or otherwise releases the recommendation. Waived Payment Obligations will be effective following implementation of the USPSTF recommendation.

**If you have a newborn child, but you do not add that child to your coverage, your newborn child may be added to your coverage solely for the purpose of administering benefits for the newborn during the first 48 hours following a vaginal delivery or 96 hours following a cesarean delivery. If that occurs, a separate deductible and coinsurance may be applied to your newborn child unless your coverage specifically waives the deductible or coinsurance for your newborn child. If the newborn is added to or covered by and receives benefits under another plan, benefits will not be provided under this plan.

‡ Members can access telehealth services from Doctor on Demand through the Doctor on Demand mobile application.

2. At a Glance - Covered and Not Covered

Your coverage provides benefits for many services and supplies. There are also services for which this coverage does not provide benefits. The following chart is provided for your convenience as a quick reference only. This chart is not intended to be and does not constitute a complete description of all coverage details and factors that determine whether a service is covered or not. All covered services are subject to the contract terms and conditions contained throughout this benefit booklet. Many of these terms and conditions are contained in *Details – Covered and Not Covered*, page 13. To fully understand which services are covered and which are not, you must become familiar with this entire benefit booklet. Please call us if you are unsure whether a particular service is covered or not.

The headings in this chart provide the following information:

Category. Service categories are listed alphabetically and are repeated, with additional detailed information, in *Details – Covered and Not Covered*.

Covered. The listed category is generally covered, but some restrictions may apply.

Not Covered. The listed category is generally not covered.

See Page. This column lists the page number in *Details – Covered and Not Covered* where there is further information about the category.

Benefits Maximums. This column lists maximum benefit amounts that each member is eligible to receive. Benefits maximums that apply per benefit year or per lifetime are reached from benefits accumulated under this group health plan and any prior group health plans sponsored by the State of Iowa and administered by Wellmark Blue Cross and Blue Shield of Iowa.

3. Details - Covered and Not Covered

All covered services or supplies listed in this section are subject to the general contract provisions and limitations described in this benefit booklet. Also see the section *General Conditions of Coverage, Exclusions, and Limitations*, page 31. If a service or supply is not specifically listed, do not assume it is covered.

Acupuncture Treatment

Not Covered: Acupuncture and acupressure treatment.

Allergy Testing and Treatment

Covered.

Ambulance Services

Covered:

- Emergency air and ground ambulance transportation to a hospital.
All of the following are required to qualify for benefits:
 - If you are inpatient, the services required to treat your illness or injury are not available where you are currently receiving care.
 - You are transported to the nearest hospital with adequate facilities to treat your medical condition.
 - During transport, your medical condition requires the services that are provided only by an air or ground ambulance.
 - Your medical condition requires immediate ambulance transport.
 - In addition to the preceding requirements, for emergency air ambulance services to be covered, the following must be met:
 - Great distances, inaccessibility of the pickup location by a land vehicle, or other obstacles are involved in getting you to the nearest hospital with appropriate facilities for treatment by ground transport.

When the No Surprises Act applies to air ambulance services, you cannot be billed for the difference between the amount charged and the total amount paid by us.

In an emergency situation, if you cannot reasonably utilize a PPO ambulance service, covered services will be reimbursed as though they were received from a PPO ambulance service. However, if ground ambulance services are provided by an Out-of-Network Provider, and because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you may be responsible for any difference between the amount charged and our amount paid for a covered service. When receiving non-emergency ground ambulance services, select a provider who participates in your network to avoid being responsible for any difference between the billed charge and our settlement amount.

- Non-emergency air or ground ambulance transportation to a hospital or nursing facility.
All of the following are required to qualify for benefits:
 - The services required to treat your illness or injury are not available where you are currently receiving care.
 - You are transported to the nearest hospital or nursing facility with adequate facilities to treat your medical condition.
 - During transport your medical condition requires the services that are provided only by an air or ground ambulance.

- In addition to the preceding requirements, for non-emergency air ambulance services to be covered, all of the following must be met:
 - You must already be receiving care at a hospital.
 - Great distances, inaccessibility of the pickup location by a land vehicle, or other obstacles are involved in getting you to the nearest hospital or nursing facility with appropriate facilities for treatment by ground transport.

Not Covered:

- Air or ground ambulance transport from a facility capable of treating your condition.
- Air or ground ambulance transport to or from any location when you are physically and mentally capable of being a passenger in a private vehicle.
- Round-trip transports from your residence to a medical provider for an appointment or treatment and back to your residence.
- Air or ground transport when performed primarily for your convenience or the convenience of your family, physician, or other health care provider, such as a transfer to a hospital or facility that is closer to your home or family.
- Non-ambulance transport to any location for any reason. This includes private vehicle transport, commercial air transport, police transport, taxi, public transportation such as train or bus, ride-share vehicles such as Uber or Lyft, and vehicles such as vans or taxis that are equipped to transport stretchers or wheelchairs but are not professionally operated or staffed.

Anesthesia

Covered: Anesthesia and the administration of anesthesia.

Not Covered: Local or topical anesthesia billed separately from related surgical or medical procedures.

Applied Behavior Analysis (ABA) Services

Covered: Applied Behavior Analysis services when Applied Behavior Analysis services are performed or supervised by a licensed physician or psychologist or a licensed behavior analyst.

Autism Spectrum Disorder Treatment

Covered: Diagnosis and treatment of autism spectrum disorder.

Blood and Blood Administration

Covered: Whole blood, blood components, blood derivatives, and blood administration.

Please note: Whole blood and blood components are typically made available to you at no charge through the facility from which you receive services.

Chemical Dependency Treatment

Covered: Treatment for a condition with physical or psychological symptoms produced by the habitual use of certain drugs or alcohol as described in the most current *Diagnostic and Statistical Manual of Mental Disorders*.

Licensed Substance Abuse Treatment Program.

Benefits are available for chemical dependency treatment in the following settings:

- Treatment provided in an office visit, or outpatient setting;
- Treatment provided in an intensive outpatient setting;
- Treatment provided in an outpatient partial hospitalization setting;
- Drug or alcohol rehabilitation therapy or counseling provided while participating in a clinically managed low intensity

residential treatment setting, also known as supervised living;

- Treatment, including room and board, provided in a clinically managed medium or high intensity residential treatment setting;
- Treatment provided in a medically monitored intensive inpatient or detoxification setting; and
- For inpatient, medically managed acute care for patients whose condition requires the resources of an acute care general hospital or a medically managed inpatient treatment program.

Not Covered:

- Room and board provided while participating in a clinically managed low intensity residential treatment setting, also known as supervised living.
- Recreational activities or therapy, social activities, meals, excursions or other activities not considered clinical treatment, while participating in substance abuse treatment programs.

See Also:

Hospitals and Facilities later in this section.
Notification Requirements and Care Coordination, page 45.

Chemotherapy and Radiation Therapy

Covered: Use of chemical agents or radiation to treat or control a serious illness.

Clinical Trials – Routine Care Associated with Clinical Trials

Covered: Medically necessary routine patient costs for items and services otherwise covered under this plan furnished in connection with participation in an approved clinical trial related to the treatment of cancer or other life-threatening diseases or conditions, when a covered member is referred by a PPO or Participating provider based on the conclusion that the member is eligible to

participate in an approved clinical trial according to the trial protocol or the member provides medical and scientific information establishing that the member's participation in the clinical trial would be appropriate according to the trial protocol.

Not Covered:

- Investigational or experimental items, devices, or services which are themselves the subject of the clinical trial;
- Clinical trials, items, and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- Services that are clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Contraceptives

Covered: The following conception prevention, as approved by the U.S. Food and Drug Administration:

- Contraceptive medical devices, such as intrauterine devices and diaphragms.
- Contraceptive drugs and contraceptive drug delivery devices, such as insertable rings and patches.
- Implanted contraceptives.
- Injected contraceptives.

Conversion Therapy

Not Covered: Conversion therapy services.

Cosmetic Services

Not Covered: Cosmetic services, supplies, or drugs if provided primarily to improve physical appearance. However, a service, supply, or drug that results in an incidental improvement in appearance may be covered if it is provided primarily to restore function lost or impaired as the result of an illness, accidental injury, or a birth defect. You are also not covered for treatment for any

complications resulting from a noncovered cosmetic procedure.

See Also:

Reconstructive Surgery later in this section.

Counseling and Education Services

Covered:

- Bereavement counseling or services.
- Family or marriage counseling or services.

Not Covered:

- Community-based services or services of volunteers or clergy.
- Education or educational therapy other than covered lactation consultant services or education for self-management of diabetes.
- Learning and educational services and treatments including, but not limited to, non-drug therapy for high blood pressure control, exercise modalities for weight reduction, nutritional instruction for the control of gastrointestinal conditions, or reading programs for dyslexia, for any medical, mental health, or substance abuse condition.
- Weight reduction programs or supplies (including dietary supplements, foods, equipment, lab testing, examinations, and prescription drugs), whether or not weight reduction is medically appropriate.

See Also:

Genetic Testing later in this section.

Education Services for Diabetes later in this section.

Mental Health Services later in this section.

Nutritional Counseling later in this section.

Preventive Care later in this section.

Dental Services

Covered:

- Dental treatment for accidental injuries when all of the following requirements are met:
 - Initial treatment is received within 72 hours of the injury.
 - Follow-up treatment is completed within 30 days.
- Anesthesia (general) and hospital or ambulatory surgical facility services related to covered dental services if:
 - You are under age 14 and, based on a determination by a licensed dentist and your treating physician, you have a dental or developmental condition for which patient management in the dental office has been ineffective and requires dental treatment in a hospital or ambulatory surgical facility; or
 - Based on a determination by a licensed dentist and your treating physician, you have one or more medical conditions that would create significant or undue medical risk in the course of delivery of any necessary dental treatment or surgery if not rendered in a hospital or ambulatory surgical facility.
- Impacted teeth removal (surgical) only when you have a medical condition (such as hemophilia) that requires hospitalization.
- Facial bone fracture reduction.
- Incisions of accessory sinus, mouth, salivary glands, or ducts.
- Jaw dislocation manipulation.
- Orthodontic and other dental services related to management of cleft palate or cleft lip.
- Treatment of abnormal changes in the mouth due to injury or disease of the mouth, or dental care (oral examination, x-rays, extractions, and nonsurgical elimination of oral infection) required for the direct treatment of a medical condition, limited to:

- Dental services related to medical transplant procedures;
- Initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); or
- Treatment of neoplasms of the mouth and contiguous tissue.

Not Covered:

- General dentistry including, but not limited to, diagnostic and preventive services, restorative services, endodontic services, periodontal services, indirect fabrications, dentures and bridges, and orthodontic services unrelated to accidental injuries or management of cleft palate or cleft lip.
- Injuries associated with or resulting from the act of chewing.
- Maxillary or mandibular tooth implants (osseointegration) unrelated to accidental injuries or abnormal changes in the mouth due to injury or disease.

Dialysis

Covered: Removal of toxic substances from the blood when the kidneys are unable to do so when provided as an inpatient in a hospital setting or as an outpatient in a Medicare-approved dialysis center.

Education Services for Diabetes

Covered: Inpatient and outpatient training and education for the self-management of all types of diabetes mellitus.

All covered training or education must be prescribed by a licensed physician.

Outpatient training or education must be provided by a state-certified program.

The state-certified diabetic education program helps any type of diabetic and their family understand the diabetes disease process and the daily management of diabetes.

Emergency Services

Covered: When treatment is for a medical condition manifested by acute symptoms of sufficient severity, including pain, that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect absence of immediate medical attention to result in:

- Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy; or
- Serious impairment to bodily function; or
- Serious dysfunction of any bodily organ or part.

In an emergency situation, if you cannot reasonably reach a PPO Provider, covered services will be reimbursed as though they were received from a PPO Provider, unless the No Surprises Act applies. When the No Surprises Act applies to emergency services, claims will be processed in accordance with the Act and you cannot be billed for the difference between the amount charged and the total amount paid by us. If you receive medically necessary emergency services to treat an emergency medical condition, those services will be covered as required under the No Surprises Act notwithstanding any other plan exclusion.

See Also:

Out-of-Network Providers, page 55.

Fertility and Infertility Services

Covered:

- Fertility prevention, such as tubal ligation (or its equivalent) or vasectomy (initial surgery only).
- Infertility testing and treatment for infertile members including in vitro fertilization, gamete intrafallopian transfer (GIFT), and pronuclear stage transfer (PROST).

Benefits Maximum:

- **\$15,000** per lifetime for infertility transfer procedures.

Not Covered:

- Services and supplies associated with infertility treatment if the infertility is the result of voluntary sterilization.
- The collection or purchase of donor semen (sperm) or oocytes (eggs) when performed in connection with fertility or infertility procedures; freezing and storage of sperm, oocytes, or embryos; surrogate parent services.
- Reversal of a tubal ligation (or its equivalent) or vasectomy.

See Also:

Prescription Drugs later in this section.

Genetic Testing

Covered: Genetic molecular testing (specific gene identification) and related counseling are covered when both of the following requirements are met:

- You are an appropriate candidate for a test under medically recognized standards (for example, family background, past diagnosis, etc.).
- The outcome of the test is expected to determine a covered course of treatment or prevention and is not merely informational.

Hearing Services

Covered:

- Hearing examinations to test or treat hearing loss related to an illness or injury.
- Routine hearing examinations for members up to age 21.

Not Covered:

- Hearing aids.
- Routine hearing examinations for members age 21 and older.

Home Health Services

Covered: All of the following requirements must be met in order for home health services to be covered:

- You require a medically necessary skilled service such as skilled nursing, physical therapy, or speech therapy.
- Services are received from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) and/or a Medicare-certified agency.
- Services are prescribed by a physician and approved by Wellmark for the treatment of illness or injury.
- Services are not more costly than alternative services that would be effective for diagnosis and treatment of your condition.

The following are covered services and supplies:

Home Health Aide Services—when provided in conjunction with a medically necessary skilled service also received in the home.

Short-Term Home Skilled Nursing. Treatment must be given by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) or a Medicare-certified agency. Short-term home skilled nursing means home skilled nursing care that:

- is provided for a definite limited period of time as a safe transition from other levels of care when medically necessary;
- provides teaching to caregivers for ongoing care; or
- provides short-term treatments that can be safely administered in the home setting.

The daily benefit for short-term home skilled nursing services will not exceed Wellmark’s daily maximum allowable

fee for care in a skilled nursing facility. Benefits do not include maintenance or custodial care or services provided for the convenience of the family caregiver.

Inhalation Therapy.

Medical Equipment.

Medical Social Services.

Medical Supplies.

Occupational Therapy—but only for services to treat the upper extremities, which means the arms from the shoulders to the fingers. You are not covered for occupational therapy supplies.

Oxygen and Equipment for its administration.

Parenteral and Enteral Nutrition, except enteral formula administered orally.

Physical Therapy.

Prescription Drugs and Medicines administered in the vein or muscle.

Prosthetic Devices and Braces.

Speech Therapy.

Not Covered:

- Custodial home care services and supplies, which help you with your daily living activities. This type of care does not require the continuing attention and assistance of licensed medical or trained paramedical personnel. Some examples of custodial care are assistance in walking and getting in and out of bed; aid in bathing, dressing, feeding, and other forms of assistance with normal bodily functions; preparation of special diets; and supervision of medication that can usually be self-administered. You are also not covered for sanitarium care or rest cures.
- Extended home skilled nursing.

Home/Durable Medical Equipment

Covered: Equipment that meets all of the following requirements:

- The equipment is ordered by a provider within the scope of their license and there is a written prescription.
- Durable enough to withstand repeated use.
- Primarily and customarily manufactured to serve a medical purpose.
- Used to serve a medical purpose.
- Standard or basic home/durable medical equipment that will adequately meet the medical needs and that does not have certain deluxe/luxury or convenience upgrade or add-on features.

In addition, we determine whether to pay the rental amount or the purchase price amount for an item, and we determine the length of any rental term. Wellmark requires rental of certain medically appropriate home/durable medical equipment including, but not limited to, continuous positive airway pressure (CPAP) devices. When rental is required, you will be required to rent from a licensed DME provider for a period of ten months, and after the expiration of the ten-month period, Wellmark considers the item purchased. Benefits will never exceed the lesser of the amount charged or the maximum allowable fee.

See Also:

Medical and Surgical Supplies and Personal Convenience Items later in this section.

Orthotics (Foot) later in this section.

Prosthetic Devices later in this section.

Hospice Services

Covered: Care (generally in a home setting) for patients who are terminally ill and who have a life expectancy of six months or less. Hospice care covers the

same services as described under *Home Health Services*, as well as hospice respite care from a facility approved by Medicare or by the Joint Commission for Accreditation of Health Care Organizations (JCAHO).

Hospice respite care offers rest and relief help for the family caring for a terminally ill patient. Inpatient respite care can take place in a nursing home, nursing facility, or hospital.

Benefits Maximum:

- **15 days** per lifetime for inpatient hospice respite care.
- **15 days** per lifetime for outpatient hospice respite care.
- Not more than **five days** of hospice respite care at a time.

Hospitals and Facilities

Covered: Hospitals and other facilities that meet standards of licensing, accreditation or certification. Following are some recognized facilities:

Ambulatory Surgical Facility. This type of facility provides surgical services on an outpatient basis for patients who do not need to occupy an inpatient hospital bed and must be licensed as an ambulatory surgical facility under applicable law.

Chemical Dependency Treatment Facility. This type of facility must be licensed as a chemical dependency treatment facility under applicable law.

Community Mental Health Center. This type of facility provides treatment of mental health conditions and must be licensed as a community mental health center under applicable law.

Hospital. This type of facility provides for the diagnosis, treatment, or care of injured or sick persons on an inpatient and outpatient basis. The facility must be licensed as a hospital under applicable law.

Nursing Facility. This type of facility provides continuous skilled nursing services as ordered and certified by your attending physician on an inpatient basis for short-term care. Benefits do not include maintenance or custodial care or services provided for the convenience of the family caregiver. The facility must be licensed as a nursing facility under applicable law.

Psychiatric Medical Institution for Children (PMIC). This type of facility provides inpatient psychiatric services to children and is licensed as a PMIC under Iowa Code Chapter 135H.

Urgent Care Center. This type of facility provides medical care without an appointment during all hours of operation to walk-in patients of all ages who are ill or injured and require immediate care but may not require the services of a hospital emergency room.

Benefits Maximum:

- **90 days** per benefit year for skilled nursing services in a hospital or nursing facility.

Not Covered:

- Long Term Acute Care Facility.
- Room and board provided while a patient at an intermediate care facility or similar level of care.

Please note:

When the No Surprises Act applies to items and services from an Out-of-Network Provider at a participating facility, you cannot be billed for the difference between the amount charged and the total amount paid by us. The only exception to this would be if an eligible Out-of-Network Provider performing services in a participating facility gives you proper notice in plain language that you will be receiving services from an Out-of-Network Provider and you consent to be balance-billed and to have the amount that you pay determined without reference to the No Surprises Act. Certain providers are not permitted to provide

notice and request consent for this purpose. These include items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or nonphysician practitioner; items and services provided by assistant surgeons, hospitalists, and intensivists; diagnostic services, including radiology and laboratory services; and items and services provided by an Out-of-Network Provider, only if there is no Participating Provider who can furnish such item or service at such facility.

See Also:

Chemical Dependency Treatment earlier in this section.

Mental Health Services later in this section.

Illness or Injury Services

Covered:

- Services or supplies used to treat any bodily disorder, bodily injury, disease, or mental health condition unless specifically addressed elsewhere in this section. This includes pregnancy and complications of pregnancy.
- Routine foot care related to the treatment of a metabolic, neurological, or peripheral vascular disease.
- Fertility preservation services for medical treatment likely to cause irreversible infertility, such as chemotherapy, surgery, and radiation treatment. This includes ovarian stimulation, retrieval of eggs, and collection of sperm.

Treatment may be received from an approved provider in any of the following settings:

- Home.
- Inpatient (such as a hospital or nursing facility).
- Office (such as a doctor’s office).
- Outpatient.

Not Covered:

- Long term acute care services typically provided by a long term acute care facility.
- Room and board provided while a patient at an intermediate care facility or similar level of care.
- Services and supplies associated with routine foot care except as described under *Covered*.

Inhalation Therapy

Covered: Respiratory or breathing treatments to help restore or improve breathing function.

Maternity Services

Covered: Prenatal care, delivery, and postpartum care, including complications of pregnancy. A complication of pregnancy refers to any maternity-related condition that is not diagnosed and coded as a normal prenatal visit or a normal spontaneous vaginal delivery.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In accordance with federal or applicable state law, maternity services include a minimum of:

- 48 hours of inpatient care (in addition to the day of delivery care) following a vaginal delivery, or
- 96 hours of inpatient care (in addition to the day of delivery) following a cesarean section.

A practitioner is not required to seek Wellmark’s review in order to prescribe a length of stay of less than 48 or 96 hours. The attending practitioner, in consultation with the mother, may discharge the mother or newborn prior to 48 or 96 hours, as applicable.

Coverage includes one follow-up postpartum home visit by a registered nurse (R.N.). This nurse must be from a home health agency under contract with Wellmark or employed by the delivering physician.

If you have a newborn child, but you do not add that child to your coverage, your newborn child may be added to your coverage solely for the purpose of administering benefits for the newborn during the first 48 hours following a vaginal delivery or 96 hours following a cesarean delivery. If that occurs, a separate deductible and coinsurance may be applied to your newborn child unless your coverage specifically waives the deductible or coinsurance for your newborn child. If the newborn is added to or covered by and receives benefits under another plan, benefits will not be provided under this plan.

See Also:

Coverage Change Events, page 63.

Medical and Surgical Supplies and Personal Convenience Items

Covered: Medical supplies and devices such as:

- Dressings and casts.
- Oxygen and equipment needed to administer the oxygen.
- Diabetic equipment and supplies.

Not Covered: Unless otherwise required by law, supplies, equipment, or drugs available for general retail purchase or items used for your personal convenience or safety. Examples include, but are not limited to:

- Band-aids, gauze, bandages, tape, non-sterile gloves, thermometers, heating pads, cooling devices, cold packs, heating devices, hot water bottles, home enema equipment, sterile water, bed boards, alcohol wipes, or incontinence products;

- Elastic stockings or bandages including trusses, lumbar braces, garter belts, and similar items that can be purchased without a prescription;
- Escalators, elevators, ramps, stair glides, emergency/alert equipment, safety equipment, handrails, heat appliances, improvements made to a member's house or place of business, or adjustments made to vehicles;
- Household supplies including, but not limited to: deluxe/luxury equipment or non-essential features, such as motor-driven chairs or bed, electric stair chairs or elevator chairs, or sitz bath;
- Items not primarily and customarily manufactured to serve a medical purpose or which can be used in the absence of illness or injury including, but not limited to, air conditioners, hot tubs, or swimming pools;
- Items that do not serve a medical purpose or are not needed to serve a medical purpose;
- Rental or purchase of equipment if you are in a facility which provides such equipment;
- Rental or purchase of exercise cycles, physical fitness, exercise and massage equipment, ultraviolet/tanning equipment, or traction devices; and
- Water purifiers, hypo-allergenic pillows, mattresses or waterbeds, whirlpool, spa, air purifiers, humidifiers, dehumidifiers, or light devices.

See Also:

Home/Durable Medical Equipment earlier in this section.

Orthotics (Foot) later in this section.

Prescription Drugs later in this section.

Prosthetic Devices later in this section.

Mental Health Services

Covered: Treatment for certain psychiatric, psychological, or emotional conditions as an inpatient or outpatient. Covered facilities for mental health services

include licensed and accredited residential treatment facilities and community mental health centers.

To qualify for mental health treatment benefits, the following requirements must be met:

- The disorder is classified as a mental health condition in the *Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-V)* or subsequent revisions, except as otherwise provided in this benefit booklet.
- The disorder is listed only as a mental health condition and not dually listed elsewhere in the most current version of *International Classification of Diseases, Clinical Modification* used for diagnosis coding.

Licensed Psychiatric or Mental Health Treatment Program Services. Benefits are available for mental health treatment in the following settings:

- Treatment provided in an office visit, or outpatient setting;
- Treatment provided in an intensive outpatient setting;
- Treatment provided in an outpatient partial hospitalization setting;
- Individual, group, or family therapy provided in a clinically managed low intensity residential treatment setting, also known as supervised living;
- Treatment, including room and board, provided in a clinically managed medium or high intensity residential treatment setting;
- Psychiatric observation;
- Care provided in a psychiatric residential crisis program;
- Care provided in a medically monitored intensive inpatient setting; and
- For inpatient, medically managed acute care for patients whose condition requires the resources of an acute care general hospital or a medically managed inpatient treatment program.

Please note: Your employer’s Employee Assistance Program (EAP) may be able to provide counseling services for certain conditions. For more information, contact your EAP coordinator.

Not Covered:

- Services and supplies associated with certain disorders related to early childhood, such as academic underachievement disorder.
- Services and supplies associated with communication disorders, such as stuttering and stammering.
- Services and supplies associated with impulse control disorders.
- Services and supplies associated with conditions that are not pervasive developmental and learning disorders.
- Services and supplies associated with sensitivity, shyness, and social withdrawal disorders.
- Services and supplies associated with sexual disorders.
- Room and board provided while participating in a clinically managed low intensity residential treatment setting, also known as supervised living.
- Recreational activities or therapy, social activities, meals, excursions or other activities not considered clinical treatment, while participating in residential psychiatric treatment programs.

See Also:

Chemical Dependency Treatment and Hospitals and Facilities earlier in this section.

Motor Vehicles

Not Covered: Purchase or rental of motor vehicles such as cars or vans. You are also not covered for equipment or costs associated with converting a motor vehicle to accommodate a disability.

Musculoskeletal Treatment

Covered: Outpatient nonsurgical treatment of ailments related to the musculoskeletal system, such as manipulations or related procedures to treat musculoskeletal injury or disease.

Not Covered:

- Manipulations or related procedures to treat musculoskeletal injury or disease performed for maintenance.
- Massage therapy.

Nonmedical or Administrative Services

Not Covered: Such services as telephone consultations, charges for failure to keep scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Nutritional and Dietary Supplements

Covered:

- Nutritional and dietary supplements that cannot be dispensed without a prescription issued by or authorized by a licensed healthcare practitioner and are prescribed by a licensed healthcare practitioner for permanent inborn errors of metabolism, such as PKU.
- Enteral and nutritional therapy only when prescribed feeding is administered through a feeding tube, except for permanent inborn errors of metabolism.

Not Covered: Other prescription and non-prescription nutritional and dietary supplements including, but not limited to:

- Food products.

- Grocery items or food products that are modified for special diets for individuals with inborn errors of metabolism but which can be purchased without a prescription issued by or authorized by a licensed healthcare practitioner, including low protein/low phe grocery items.
- Herbal products.
- Fish oil products.
- Medical foods, except as described under *Covered*.
- Minerals.
- Supplementary vitamin preparations.
- Multivitamins.

Nutritional Counseling

Covered: You may be covered for medically necessary nutritional counseling for the management of chronic illnesses or conditions in which dietary adjustment has a therapeutic role.

Not Covered: Nutritional counseling for conditions that have not shown to be nutritionally related or there is no therapeutic role of nutritional interventions.

Occupational Therapy

Covered: Occupational therapy services are covered when all the following requirements are met:

- Services are to treat the upper extremities, which means the arms from the shoulders to the fingers.
- The goal of the occupational therapy is improvement of an impairment or functional limitation.
- The potential for rehabilitation or habilitation is significant in relation to the extent and duration of services.
- The expectation for improvement is in a reasonable (and generally predictable) period of time.
- There is evidence of improvement by successive objective measurements whenever possible.

Not Covered:

- Occupational therapy supplies.
- Occupational therapy provided as an inpatient in the absence of a separate medical condition that requires hospitalization.
- Occupational therapy performed for maintenance.
- Occupational therapy services that do not meet the requirements specified under *Covered*.

Orthotics (Foot)

Not Covered: Orthotic foot devices such as arch supports or in-shoe supports, orthopedic shoes, elastic supports, or examinations to prescribe or fit such devices.

Please note: Orthotics training, including assessment and fitting of orthotic devices, is covered.

See Also:

Home/Durable Medical Equipment earlier in this section.

Prosthetic Devices later in this section.

Over-the-Counter Products

Not Covered: Most over-the-counter products, including nutritional dietary supplements. However, certain over-the-counter products (e.g., products prescribed by a physician and over-the-counter nicotine dependency drugs) may be covered. To determine if a particular over-the-counter product is covered, call the Customer Service number on your ID card.

Physical Therapy

Covered: Physical therapy services are covered when all the following requirements are met:

- The goal of the physical therapy is improvement of an impairment or functional limitation.

- The potential for rehabilitation or habilitation is significant in relation to the extent and duration of services.
- The expectation for improvement is in a reasonable (and generally predictable) period of time.
- There is evidence of improvement by successive objective measurements whenever possible.

Not Covered:

- Physical therapy provided as an inpatient in the absence of a separate medical condition that requires hospitalization.
- Physical therapy performed for maintenance.
- Physical therapy services that do not meet the requirements specified under *Covered*.

Physicians and Practitioners

Covered: Most services provided by practitioners that are recognized by us and meet standards of licensing, accreditation or certification. Following are some recognized physicians and practitioners:

Advanced Registered Nurse Practitioners (ARNP). An ARNP is a registered nurse with advanced training in a specialty area who is registered with the Iowa Board of Nursing to practice in an advanced role with a specialty designation of certified clinical nurse specialist, certified nurse midwife, certified nurse practitioner, or certified registered nurse anesthetist.

Audiologists.

Chiropractors.

Doctors of Osteopathy (D.O.).

Licensed Independent Social Workers.

Licensed Marriage and Family Therapists.

Licensed Mental Health Counselors.

Medical Doctors (M.D.).

Occupational Therapists. This provider is covered only when treating the upper extremities, which means the arms from the shoulders to the fingers.

Optometrists.

Oral Surgeons.

Physical Therapists.

Physician Assistants.

Podiatrists.

Psychologists. Psychologists must have a doctorate degree in psychology.

Speech Pathologists.

See Also:

Choosing a Provider, page 37.

Prescription Drugs

Covered:

- Prescription drugs and medicines received as an inpatient or outpatient of a hospital or other facility or dispensed and billed by such hospital or facility as a take-home drug for a short-term supply.
- Prescriptions purchased from a licensed retail pharmacy or through the mail order drug program. See *Mail Order Drug Program*, later in this section.
- Any state sales tax associated with the purchase of a covered prescription drug.

A prescription drug is one that bears the legend, “Caution, Federal Law prohibits dispensing without a prescription.”

Drugs classified by the FDA as Drug Efficacy Study Implementation (DESI) drugs may also be covered.

Prescription drugs purchased outside the United States are covered only if all of the following requirements are met:

- You are injured or become ill while in a foreign country.
- The drug or pharmacy durable medical equipment device is FDA-approved or

an FDA equivalent and has the same name as the FDA-approved drug.

- The drug would require a written prescription by a licensed M.D. or D.O. if prescribed in the United States.
- You provide acceptable documentation that you received a covered service from a physician or hospital and the physician or hospital prescribed the drug.

Additional prescription drugs and medicines that may be covered under your medical benefits include:

Drugs and Biologicals. Drugs and biologicals approved by the U.S. Food and Drug Administration. This includes such supplies as serum, vaccine, antitoxin, or antigen used in the prevention or treatment of disease.

Infertility Prescription Drugs.

Insulin.

Intravenous Administration.

Intravenous administration of nutrients, antibiotics, and other drugs and fluids when provided in the home (home infusion therapy).

Mail Order Drug Program. You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information on how to register, visit our website, Wellmark.com/member/prescription-drugs, or call the Customer Service number on your ID card.

Self-Administered Injectable Drugs. Self-administered injectable drugs are generally covered under this medical benefits plan.

Not Covered:

- Antigen therapy.
- Medication Therapy Management (MTM) when billed separately.
- Drugs purchased outside the United States failing the requirements specified earlier in this section.

- Prescription drugs or pharmacy durable medical equipment devices that are not FDA-approved.

See Also:

Contraceptives earlier in this section.

Medical and Surgical Supplies and Personal Convenience Items earlier in this section.

Notification Requirements and Care Coordination, page 45.

Prior Authorization, page 50.

Preventive Care

Covered: Preventive care such as:

- Breastfeeding support, supplies, and one-on-one lactation consultant services, including counseling and education, provided during pregnancy and/or the duration of breastfeeding received from a provider acting within the scope of their licensure or certification under state law.
- Digital breast tomosynthesis (3D mammogram).
- Gynecological examinations.
- Mammograms.
- Medical evaluations and counseling for nicotine dependence per U.S. Preventive Services Task Force (USPSTF) guidelines.
- Pap smears.
- Physical examinations.
- Preventive items and services including, but not limited to:
 - Items or services with an “A” or “B” rating in the current recommendations of the United States Preventive Services Task Force (USPSTF);
 - Immunizations as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (ACIP);
 - Preventive care and screenings for infants, children and adolescents

provided for in the guidelines supported by the Health Resources and Services Administration (HRSA); and

- Preventive care and screenings for women provided for in guidelines supported by the HRSA.
- Well-child care including age-appropriate pediatric preventive services, as defined by current recommendations for Preventive Pediatric Health Care of the American Academy of Pediatrics. Pediatric preventive services shall include, at minimum, a history and complete physical examination as well as developmental assessment, anticipatory guidance, immunizations, and laboratory services including, but not limited to, screening for lead exposure as well as blood levels.

Benefits Maximum:

- Well-child care until the child reaches age seven.
- **One** routine physical examination per benefit year.
- Mammograms according to the following schedule:
 - For women between the ages of 35–39: one baseline mammogram.
 - For women between the ages of 40–49: one mammogram every two years.
 - For women age 50 and older: one mammogram every year.

For this benefit, a year is 12 consecutive months. Mammograms may be more frequent if recommended by your physician.

Please note: Physical examination limits do not include items or services with an “A” or “B” rating in the current recommendations of the USPSTF, immunizations as recommended by ACIP, and preventive care and screening guidelines supported by the HRSA, as described under *Covered*.

Not Covered:

- Periodic physicals or health examinations, screening procedures, or immunizations performed solely for school, sports, employment, insurance, licensing, or travel, or other administrative purposes.
- Group lactation consultant services.
- All services and supplies associated with nicotine dependence, except as described under *Covered*. For prescription drugs and devices used to treat nicotine dependence, including over-the-counter drugs prescribed by a physician, please see your medical benefits.

See Also:

Hearing Services earlier in this section.

Vision Services later in this section.

Prosthetic Devices

Covered: Devices used as artificial substitutes to replace a missing natural part of the body or to improve, aid, or increase the performance of a natural function.

Also covered are braces, which are rigid or semi-rigid devices commonly used to support a weak or deformed body part or to restrict or eliminate motion in a diseased or injured part of the body. Braces do not include elastic stockings, elastic bandages, garter belts, arch supports, orthodontic devices, or other similar items.

Not Covered:

- Devices such as air conduction hearing aids or examinations for their prescription or fitting.
- Elastic stockings or bandages including trusses, lumbar braces, garter belts, and similar items that can be purchased without a prescription.

See Also:

Home/Durable Medical Equipment earlier in this section.

Medical and Surgical Supplies and Personal Convenience Items earlier in this section.

Orthotics (Foot) earlier in this section.

Reconstructive Surgery

Covered: Reconstructive surgery primarily intended to restore function lost or impaired as the result of an illness, injury, or a birth defect (even if there is an incidental improvement in physical appearance) including breast reconstructive surgery following mastectomy. Breast reconstructive surgery includes the following:

- Reconstruction of the breast on which the mastectomy has been performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses.
- Treatment of physical complications of breast surgery for cancer treatment, or prevention in high risk members, including lymphedemas.

See Also:

Cosmetic Services earlier in this section.

Self-Help Programs

Not Covered: Self-help and self-cure products or drugs.

Sleep Apnea Treatment

Covered: Obstructive sleep apnea diagnosis and treatments.

Not Covered: Treatment for snoring without a diagnosis of obstructive sleep apnea.

Social Adjustment

Not Covered: Services or supplies intended to address social adjustment or economic needs that are typically not medical in nature.

Speech Therapy

Covered: Rehabilitative or habilitative speech therapy services when related to a specific illness, injury, or impairment, including speech therapy services for the treatment of autism spectrum disorder, that involve the mechanics of phonation, articulation, or swallowing. Services must be provided by a licensed or certified speech pathologist.

Not Covered:

- Speech therapy services not provided by a licensed or certified speech pathologist.
- Speech therapy to treat certain developmental, learning, or communication disorders, such as stuttering and stammering.

Surgery

Covered. This includes the following:

- Major endoscopic procedures.
- Operative and cutting procedures.
- Preoperative and postoperative care.

See Also:

Dental Services earlier in this section.

Reconstructive Surgery earlier in this section.

Telehealth Services

Covered: You are covered for telehealth services delivered to you by a covered practitioner acting within the scope of their license or certification or by a practitioner contracting through Doctor on Demand via real-time, interactive audio-visual technology, web-based mobile device or similar electronic-based communication network, or as otherwise required by Iowa law. Services must be delivered in accordance with applicable law and generally accepted health care practices.

Please note: Members can access telehealth services from Doctor on Demand through the Doctor on Demand mobile application.

Not Covered: Medical services provided through means other than interactive, real-time audio-visual technology, including, but not limited to, audio-only telephone, electronic mail message, or facsimile transmission.

Temporomandibular Joint Disorder (TMD)

Covered.

Not Covered: Services and supplies associated with routine dental care, dental extractions, dental restorations, or orthodontic treatment for temporomandibular joint disorders.

Transplants

Covered:

You are covered for medically necessary transplants including, but not limited to:

- Certain bone marrow/stem cell transfers from a living donor.
- Heart.
- Kidney.
- Liver.
- Lung.
- Pancreas.
- Small bowel.

You are also covered for the medically necessary expenses of transporting the recipient when the transplant organ for the recipient is available for transplant.

Transplants are subject to case management.

Charges related to the donation of an organ are usually covered by the recipient's medical benefits plan. However, if donor charges are excluded by the recipient's plan, and you are a donor, the charges will be covered by your medical benefits.

Not Covered:

- Expenses of transporting the recipient when the transplant organ for the recipient is not available for transplant.
- Expenses of transporting a living donor.

- Expenses related to the purchase of any organ.
- Services or supplies related to mechanical or non-human organs associated with transplants.
- Transplant services and supplies not listed in this section including complications.

See Also:

Ambulance Services earlier in this section.

Case Management, page 50.

Travel or Lodging Costs

Not Covered.

Vision Services

Covered:

- Vision examinations when related to an illness or injury.
- Routine vision and refraction examinations.
- Eyeglasses, but only when prescribed as the result of cataract extraction.
- Contact lenses and associated lens fitting, but only when prescribed as the result of cataract extraction or when the underlying diagnosis is a corneal injury or corneal disease.

Benefits Maximum:

- **One** routine vision examination per benefit year.

Not Covered:

- Surgery and services to diagnose or correct a refractive error, including intraocular lenses and laser vision correction surgery (e.g., LASIK surgery).
- Eyeglasses, contact lenses, or the examination for prescribing or fitting of eyeglasses or contact lenses, except when prescribed as the result of cataract extraction or when the underlying diagnosis is a corneal injury or disease.

Wigs or Hairpieces

Not Covered.

X-ray and Laboratory Services

Covered: Tests, screenings, imagings, and evaluation procedures as identified in the American Medical Association's Current Procedural Terminology (CPT) manual, Standard Edition, under *Radiology Guidelines* and *Pathology and Laboratory Guidelines*.

See Also:

Preventive Care earlier in this section.

4. General Conditions of Coverage, Exclusions, and Limitations

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

Conditions of Coverage

Medically Necessary

A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in *Details - Covered and Not Covered* may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive, subject to the appeal procedures outlined later in this benefit booklet. Wellmark's medically necessary analysis and determinations apply to any service, supply, device, or drug including, but not limited to, medical, mental health, and chemical dependency treatment, as appropriate. Benefits are available only if the services are medically necessary services and are covered services under this benefit booklet. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and satisfies all of the following criteria:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:

- Nationally recognized utilization management standards as utilized by Wellmark; or
 - Wellmark's published Medical and Drug Policies as determined applicable by Wellmark; or
 - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; or
 - Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area.
- Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease,
 - Not provided primarily for the convenience of the patient, physician, or other health care provider, and
 - Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.

If you receive services that are not medically necessary, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or
- You receive the services from a PPO or Participating provider in the Wellmark service area and:

- The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and
- The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the PPO or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

Member Eligibility

Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 59.

General Exclusions

Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

Investigational or Experimental

You are not covered for a service, supply, device, biological product, or drug that is investigational or experimental. You are also not covered for any care or treatments related to the use of a service, supply, device, biological product, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not

achieved recognition as being proven effective in clinical medicine. Our analysis of whether a service, supply, device, biological product, or drug is considered investigational or experimental is applied to medical, surgical, mental health, and chemical dependency treatment services, as applicable.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross Blue Shield Association, including whether a service, supply, device, biological product, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.
- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross Blue Shield Association's Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, biological product, or drug through our website, Wellmark.com/member/medical-policies.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or

- You receive the services from a PPO or Participating provider in the Wellmark service area and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be investigational or experimental; and
 - The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the PPO or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be investigational or experimental. This is true even if the provider does not give you any written notice before the services are rendered.

See Also:

Clinical Trials, page 15.

Complications of a Noncovered Service or Services Related to Noncovered Services

You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

- A noncovered abortion.
- Services, supplies, devices, or drugs that are administered primarily to support the provision or receipt of noncovered services are also not covered.

Nonmedical or Administrative Services

You are not covered for telephone consultations, charges for failure to keep

scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Provider Is Family Member

You are not covered for a service or supply received from a provider who is in your immediate family, which includes the following:

- Husband or wife;
- Natural or adoptive parent, child, or sibling;
- Stepparent, stepchild, stepbrother, or stepsister;
- Father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law;
- Grandparent or grandchild; and
- Spouse of grandparent or grandchild.

Covered by Other Programs or Laws

You are not covered for a service, supply, device, or drug if:

- Someone else has the legal obligation to pay for services, has an agreement with you to not submit claims for services or, without this group health plan, you would not be charged.
- You require services or supplies for an illness or injury sustained while on active military status.

Workers' Compensation

You are not covered for services or supplies for which we learn or are notified by you, your provider, or our vendor that such services or supplies are related to a work related illness or injury, including services or supplies applied toward satisfaction of any deductible under your employer's workers' compensation coverage. We will comply with our statutory obligation

regarding payment on claims on which workers' compensation liability is unresolved. You are also not covered for any services or supplies that could have been compensated under workers' compensation laws if:

- you did not comply with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization; or
- you rejected workers' compensation coverage.

The exclusion for services or supplies related to work related illness or injury does not exclude coverage for such illness or injury if you are exempt from coverage under Iowa's workers' compensation statutes pursuant to Iowa Code Section 85.1 (1)-(4), unless you or your employer has elected or obtained workers' compensation coverage as provided in Iowa Code Section 85.1(6).

Wellmark Medical and Drug Policies

Wellmark maintains Medical and Drug Policies that are applied in conjunction with other resources to determine whether a specific service, supply, device, biological product, or drug is a covered service under the terms of this benefit booklet. These policies are hereby incorporated into this benefit booklet. You may access these policies along with supporting information and selected medical references through our website, Wellmark.com/member/medical-policies.

Benefit Limitations

Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.

- If a covered service or supply reaches a benefits maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See *Details – Covered and Not Covered*, page 13.
 - If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See *Benefits Maximums*, page 5, and *At a Glance–Covered and Not Covered*, page 9.
 - If you do not obtain precertification for certain medical services, benefits can be denied. You are responsible for benefit denials only if you are responsible (not your provider) for notification. A PPO Provider in Iowa or South Dakota will handle notification requirements for you. If you see a PPO Provider outside Iowa or South Dakota, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 45.
 - If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the *Appeals* section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.
- You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A PPO Provider in Iowa or South Dakota will

handle notification requirements for you. If you see a PPO Provider outside Iowa or South Dakota, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 45.

- If you do not obtain prior authorization for certain prescription drugs, benefits can be denied. See *Notification Requirements and Care Coordination*, page 45.
- The type of provider you choose can affect your benefits and what you pay. See *Choosing a Provider*, page 37, and *Factors Affecting What You Pay*, page 53. An example of a charge that depends on the type of provider includes, but is not limited to:
 - Any difference between the provider's amount charged and our amount paid is your responsibility if you receive services from an Out-of-Network practitioner.

5. Choosing a Provider

Provider Network

Under the medical benefits of this plan, your network of providers consists of PPO and Participating providers. All other providers are Out-of-Network Providers. Which provider type you choose will affect what you pay.

It relies on a preferred provider organization (PPO) network, which consists of providers that participate directly with the Wellmark Blue PPO network and providers that participate with other Blue Cross and/or Blue Shield preferred provider organizations (PPOs). These PPO Providers offer services to members of contracting medical benefits plans at a reduced cost, which usually results in the least expense for you.

Non-PPO providers are either Participating or Out-of-Network. If you are unable to utilize a PPO Provider, it is usually to your advantage to visit what we call a *Participating Provider*. Participating Providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with a PPO.

Other providers are considered Out-of-Network, and you will usually pay the most for services you receive from them.

See *What You Pay*, page 3 and *Factors Affecting What You Pay*, page 53.

To determine if a provider participates with this medical benefits plan, ask your provider, refer to our online provider directory at Wellmark.com/member/find-provider, or call the Customer Service number on your ID card. Our provider directory is also available upon request by calling the Customer Service number on your ID card.

Providers are independent contractors and are not agents or employees of Wellmark Blue Cross and Blue Shield of Iowa. For types of providers that may be covered under your medical benefits, see *Hospitals and Facilities*, page 20 and *Physicians and Practitioners*, page 25.

Please note: Even if a specific provider type is not listed as a recognized provider type, Wellmark does not discriminate against a licensed health care provider acting within the scope of their state license or certification with respect to coverage under this plan.

Please note: Even though a facility may be PPO or Participating, particular providers within the facility may not be PPO or Participating providers. Examples include Out-of-Network physicians on the staff of a PPO or Participating hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a PPO or Participating provider to another provider, or when you are admitted into a facility, always ask if the providers contract with a Blue Cross and/or Blue Shield Plan.

Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly.

Pharmacies that contract with our pharmacy benefits manager are considered in-network. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at myWellmark.com, or call the Customer Service number on your ID card.

Provider Comparison Chart	PPO	Participating	Out-of-Network
Accepts Blue Cross and/or Blue Shield payment arrangements.	Yes	Yes	No
Minimizes your payment obligations. See <i>What You Pay</i> , page 3.	Yes	No	No

Blue Cross and/or Blue Shield pays these providers directly.	Yes	Yes	No
Notification requirements are handled for you.	Yes*	Yes*	No

*If you visit a PPO or Participating provider outside the Wellmark service area, you are responsible for notification requirements. See *Services Outside the Wellmark Service Area* later in this section.

Services Outside the Wellmark Service Area

BlueCard Program

This program ensures that members of any Blue Plan have access to the advantages of PPO Providers throughout the United States. Participating Providers have a contractual agreement with the Blue Cross and/or Blue Shield Plan in their home state (“Host Blue”). The Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Blue Cross and Blue Shield of Iowa. It provides conveniences and benefits outside the Wellmark service area similar to those you would have within our service area when you obtain covered medical services from a PPO Provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

PPO Providers may not be available in some states. In this case, when you receive covered services from a non-PPO provider (i.e., a Participating or Out-of-Network provider), you will receive many of the same advantages as when you receive covered services from a PPO Provider. However,

because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered service. An exception to this is when the No Surprises Act applies to your items or services. In that case, the amount you pay will be determined in accordance with the Act. See *Payment Details*, page 4.

Additionally, you cannot be billed for the difference between the amount charged and the total amount paid by us. The only exception to this would be if an eligible Out-of-Network Provider performing services in a participating facility gives you proper notice in plain language that you will be receiving services from an Out-of-Network Provider and you consent to be balance-billed and to have the amount that you pay determined without reference to the No Surprises Act. Certain providers are not permitted to provide notice and request consent for this purpose. These include items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or nonphysician practitioner; items and services provided by assistant surgeons, hospitalists, and intensivists; diagnostic services, including radiology and laboratory services; and items and services provided by an Out-of-Network Provider, only if there is no Participating

Provider who can furnish such item or service at such facility.

PPO Providers contract with the Blue Cross and/or Blue Shield preferred provider organization (PPO) in their home state.

When you receive covered services from PPO or Participating providers outside the Wellmark service area, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The group health plan payment is sent directly to the providers.
- Wellmark requires claims to be filed within 180 days following the date of service (or 180 days from date of discharge for inpatient claims). However, if the PPO or Participating provider's contract with the Host Blue has a requirement that a claim be filed in a timeframe exceeding 180 days following the date of service or date of discharge for inpatient claims, Wellmark will process the claim according to the Host Blue's contractual filing requirement. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service or date of discharge for inpatient claims.

Typically, when you receive covered services from PPO or Participating providers outside the Wellmark service area, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 45. However, if you are admitted to a BlueCard facility outside the Wellmark service area, any PPO or Participating provider should handle notification requirements for you.

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are

called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the Wellmark service area, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described in the following paragraphs.

When you receive care outside of our service area, you will receive it from one of two kinds of providers. Most providers ("Participating Providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("Out-of-Network Providers") don't contract with the Host Blue. In the following paragraphs we explain how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described previously, except for all dental care benefits (except when paid as medical benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by us to provide the specific service or services.

BlueCard® Program

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, we will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

When you receive covered services outside Wellmark's service area and the claim is processed through the BlueCard Program, the amount you pay for covered services is calculated based on the lower of:

- The billed charges for covered services; or

- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted previously. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured accounts. If applicable, we will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

The Maximum Allowable Fee for Out-of-Network Providers

When covered services are provided by Out-of-Network Providers, the maximum allowable fee may be determined by the provider type, provider location, and the availability of certain pricing methods. The maximum allowable fee is not based upon or related to a usual, customary or reasonable charge (“UCR”). In addition to the foregoing, the maximum allowable fee may, in Wellmark’s sole and exclusive discretion, be subject in all respects to Wellmark’s claim payment rules, edits and methodologies regardless of the provider’s

status as an in-network or Out-of-Network provider. Wellmark also may utilize Medicare claim rules or edits that are used by Medicare in processing similar claims. Pursuant to Wellmark payment policies, in determining a maximum allowable fee, we may bundle services, apply multiple procedure discounts and/or apply other reductions as a result of the procedures performed and billed on the claim. See *Maximum Allowable Fee*, page 56.

For covered services provided by an Out-of-Network Provider, the maximum allowable fee will be based upon one of the following payment options to be determined at Wellmark’s sole and exclusive discretion:

- a percentage of covered charges;
- the Host Blue’s Out-of-Network Provider local payment under the BlueCard Program;
- a percentage, not less than 50%, of the lowest contracted provider payment arrangement for a Wellmark Health Plan of Iowa, Inc., provider of the same provider type for the same or similar service (including, but not limited to, supplies or drugs) that was in effect on the date of admission (inpatient claims) or date of service (all other claims);
- a percentage, not less than 50%, of the lowest contracted provider payment arrangement for a Wellmark Blue PPO Provider of the same provider type for the same or similar service (including, but not limited to, supplies or drugs) that was in effect on the date of admission (inpatient claims) or date of service (all other claims);
- a special negotiated payment with the Out-of-Network Provider;
- pricing arrangements required by Iowa or South Dakota law; or
- a percentage of the national CMS payment rate for the same provider type and service. (For purposes of this bullet, Wellmark updates this rate once annually each July 1st using the national CMS payment rate (unadjusted based on

locality) that became effective for Medicare on January 1st of that same calendar year.)

Nothing in this benefit booklet, including your plan's provider network designation, mandates that Wellmark select one of the foregoing payment options over another. The payment option selected by Wellmark under this paragraph may result in a maximum allowable fee that is a lower amount than if calculated by another payment option. You may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered services as set forth in this benefit booklet.

An exception to this is when the No Surprises Act applies to your items or services. In that case, the amount you pay will be determined in accordance with the Act. See *Payment Details*, page 4. Additionally, you cannot be billed for the difference between the amount charged and the total amount paid by us to the Out-of-Network Provider. The only exception to this would be if an eligible Out-of-Network Provider performing services in a participating facility gives you proper notice in plain language that you will be receiving services from an Out-of-Network Provider and you consent to be balance-billed and to have the amount that you pay determined without reference to the No Surprises Act. Certain providers are not permitted to provide notice and request consent for this purpose. These include items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or nonphysician practitioner; items and services provided by assistant surgeons, hospitalists, and intensivists; diagnostic services, including radiology and laboratory services; and items and services provided by an Out-of-Network Provider, only if there is no Participating Provider who can furnish such item or service at such facility.

Care in a Foreign Country

For covered services you receive in a country other than the United States, payment level assumes the provider category is Out-of-Network except for services received from providers that participate with Blue Cross Blue Shield Global Core.

Blue Cross Blue Shield Global® Core Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing covered services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services. In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the Blue Cross Blue Shield Global Core Service

Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. **You must contact us to obtain precertification for non-emergency inpatient services.**

Outpatient Services. Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services. See *Claims*, page 67.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from us, the Blue Cross Blue Shield Global Core Service Center, or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week.

Whenever possible, before receiving services outside the Wellmark service area, you should ask the provider if they participate with a Blue Cross and/or Blue Shield Plan in that state. To locate PPO Providers in any state, call **800-810-BLUE**, or visit www.bcbs.com.

Iowa and South Dakota comprise the Wellmark service area.

Laboratory services. You may have laboratory specimens or samples collected

by a PPO Provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn,* that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

*Where the specimen is drawn will be determined by which state the referring provider is located.

Home/durable medical equipment. If you purchase or rent home/durable medical equipment from a provider that does not have a contractual relationship with the Blue Plan where you purchased or rented the equipment, that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, that provider will be considered Out-of-Network and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service. This includes situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in Wellmark's service area, when Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

Prosthetic devices. If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, that provider will be considered Out-of-Network and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service. This includes situations where you purchase prosthetic devices and have them shipped to you in Wellmark's service area, when Wellmark does not have a contractual relationship with the provider.

Talk to your provider. Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, Wellmark.com/member/find-provider.

See *Out-of-Network Providers*, page 55.

Continuity of Care

If you are a Continuing Care Patient

- undergoing a course of treatment for a serious or complex condition,

- undergoing a course of institutional or inpatient care,
- scheduled to undergo nonelective surgery, including postoperative care with respect to such surgery,
- pregnant and undergoing a course of treatment for the pregnancy, including postpartum care related to childbirth and delivery, or
- receiving treatment for a terminal illness and, with respect to the provider or facility providing such treatment:
 - the network agreement between the provider or facility and Wellmark is terminated;
 - benefits provided under this plan with respect to such provider or facility are terminated because of a change in the terms of the participation of such provider or facility in such plan or coverage; or
 - the provider or facility was in-network for your employer's plan when the plan was insured by a previous insurance carrier, and the termination of the insurance contract between your employer and the previous carrier resulted in the provider being out-of-network;

then you may elect to continue to have benefits provided under this plan under the same terms and conditions as would have applied and with respect to such items and services as would have been covered under the plan as if the termination resulting in out-of-network status had not occurred. This Continuity of Care applies only with respect to the course of treatment furnished by such provider or facility relating to the condition affecting an individual's status as a Continuing Care Patient. Claims for treatment of the condition from the provider or facility will be considered in-network claims until the earlier of (i) the date you are no longer considered a Continuing Care Patient, or (ii) the end of a 90 day period beginning on the date you have been notified of your opportunity to elect transitional care.

In order to elect transitional care as a Continuing Care Patient, you may respond to the letter Wellmark sends you, or you or your provider may call us at **800-552-3993**.

6. Notification Requirements and Care Coordination

Many services including, but not limited to, medical, surgical, mental health, and chemical dependency treatment services, require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit Wellmark.com/member/authorizations-and-approvals or call the Customer Service number on your ID card.

Providers and Notification Requirements

PPO or Participating providers in Iowa and South Dakota should handle notification requirements for you. If you are admitted to a PPO or Participating facility outside Iowa or South Dakota, the PPO or Participating provider should handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a PPO or Participating provider outside Iowa or South Dakota, or if you see an Out-of-Network Provider, you or someone acting on your behalf is responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial of benefits resulting from these notification requirements and care coordination programs. See *Appeals*, page 77. Also see *Authorized Representative*, page 85.

Precertification

Purpose	Precertification helps determine whether a service or admission to a facility is medically necessary. Precertification is required; however, it does not apply to maternity or emergency services.
Applies to	For a complete list of the services subject to precertification, visit Wellmark.com/member/authorizations-and-approvals or call the Customer Service number on your ID card.

<p>Person Responsible for Obtaining Precertification</p>	<p>You or someone acting on your behalf is responsible for obtaining precertification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to precertification from an Out-of-Network Provider; or ■ You receive certain planned outpatient procedures or home health services subject to precertification from a PPO or Participating provider outside Iowa or South Dakota. <p>Your Provider should obtain precertification for you if:</p> <ul style="list-style-type: none"> ■ You receive services subject to precertification from a PPO Provider in Iowa or South Dakota; or ■ You receive inpatient services subject to precertification from a PPO or Participating provider outside Iowa or South Dakota. <p>Please note: If you are ever in doubt whether precertification has been obtained, call the Customer Service number on your ID card.</p>
<p>Process</p>	<p>When you, instead of your provider, are responsible for precertification, call the phone number on your ID card before receiving services.</p> <p>Wellmark will respond to a precertification request within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation; ■ 15 days in a non-medically urgent situation. <p>Precertification requests must include supporting clinical information to determine medical necessity of the service or admission. Ask your provider for assistance gathering supporting information.</p> <p>After you receive the service(s), Wellmark may review the related medical records to confirm the records document the services subject to the approved precertification request. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.</p>
<p>Importance</p>	<p>If you choose to receive services subject to precertification, you will be responsible for the charges as follows:</p> <ul style="list-style-type: none"> ■ If you receive services subject to precertification from an Out-of-Network Provider and we determine that the procedure was not medically necessary you will be responsible for the full charge. <p>Denied benefits that result from failure to follow notification requirements are not credited toward your out-of-pocket maximum. See <i>What You Pay</i>, page 3.</p>

Notification

Purpose	Notification helps determine whether a service or admission to a facility is medically necessary. Notification is required; however, it does not apply to maternity inpatient stays under the two-day vaginal, four-day cesarean delivery timeframes or newborn stays.
Applies to	Generally, notification applies to inpatient admissions. For a complete list of the services subject to notification, visit Wellmark.com/member/authorizations-and-approvals or call the Customer Service number on your ID card.
Person Responsible	<p>PPO Providers in the states of Iowa and South Dakota perform notification for you. However, you or someone acting on your behalf is responsible for notification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to notification from a provider outside Iowa or South Dakota; ■ You receive services subject to notification from a Participating or Out-of-Network provider.
Process	When you, instead of your provider, are responsible for notification, call the phone number on your ID card before receiving services, except when you are unable to do so due to a medical emergency. In the case of an emergency admission, you must notify us within one business day of the admission or the receipt of services or as soon as reasonably possible thereafter.
Importance	<p>If you receive services subject to notification from an Out-of-Network Provider, you will be responsible for the charges as follows:</p> <ul style="list-style-type: none"> ■ If we determine that the services billed by that Out-of-Network Provider were not medically necessary, you will be responsible for the full charge.

Prior Approval

Purpose	Prior approval helps determine whether a proposed treatment plan is medically necessary and a benefit under your medical benefits. Prior approval is required.
Applies to	For a complete list of the services subject to prior approval, visit Wellmark.com/member/authorizations-and-approvals or call the Customer Service number on your ID card.

<p>Person Responsible for Obtaining Prior Approval</p>	<p>You or someone acting on your behalf is responsible for obtaining prior approval if:</p> <ul style="list-style-type: none"> ■ You receive services subject to prior approval from an Out-of-Network Provider; or ■ You receive certain planned outpatient procedures or home health services subject to prior approval from a PPO or Participating provider outside Iowa or South Dakota. <p>Your Provider should obtain prior approval for you if:</p> <ul style="list-style-type: none"> ■ You receive services subject to prior approval from a PPO Provider in Iowa or South Dakota; or ■ You receive inpatient services subject to prior approval from a PPO or Participating provider outside Iowa or South Dakota. <p>Please note: If you are ever in doubt whether prior approval has been obtained, call the Customer Service number on your ID card.</p>
<p>Process</p>	<p>When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.</p> <p>Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. We will respond to a prior approval request in writing to you and your provider within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation. ■ 15 days in a non-medically urgent situation. <p>Prior approval requests must include supporting clinical information to determine medical necessity of the services or supplies.</p>

Importance	<p>If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefits maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.</p> <p>If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.</p> <p>Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the <i>Appeals</i> section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.</p> <p>Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.</p> <p>Note: When prior approval is required, and an admission to a facility is required for that service, the admission also may be subject to notification or precertification. See <i>Precertification</i> and <i>Notification</i> earlier in this section.</p>
-------------------	--

Concurrent Review

Purpose	Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.
Applies to	For a complete list of the services subject to concurrent review, visit Wellmark.com/member/authorizations-and-approvals or call the Customer Service number on your ID card.
Person Responsible	Wellmark
Process	<p>Wellmark may review your case to determine whether your current level of care is medically necessary.</p> <p>Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.</p>
Importance	Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.

Case Management

Purpose	Case management is intended to identify and assist members with the most severe illnesses or injuries by collaborating with members, members' families, and providers to develop individualized care plans.
Applies to	A wide group of members including those who have experienced potentially preventable emergency room visits; hospital admissions/readmissions; those with catastrophic or high cost health care needs; those with potential long-term illnesses; and those newly diagnosed with health conditions requiring lifetime management. Examples where case management might be appropriate include but are not limited to: <ul style="list-style-type: none"> ■ Brain or Spinal Cord Injuries ■ Cystic Fibrosis ■ Degenerative Muscle Disorders ■ Hemophilia ■ Pregnancy (high risk) ■ Transplants
Person Responsible	You, your physician, and the health care facility can work with Wellmark's case management nurses. Wellmark may initiate a request for case management.
Process	Members are identified and referred to the Case Management program through Customer Service and claims information, referrals from providers or family members, and self-referrals from members.
Importance	Case management is intended to identify and coordinate appropriate care and care alternatives including identifying barriers to care including contract limitations and evaluation of solutions outside the group health plan; assisting the member and family to identify appropriate community-based resources or government programs; and assisting members in the transition of care when there is a change in coverage.

Prior Authorization of Drugs

Purpose	Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary.
Applies to	Consult the Drug List to determine if a particular drug requires prior authorization. You can locate this list by visiting <i>myWellmark.com</i> . You may also check with your pharmacist or practitioner to determine whether prior authorization applies to a drug that has been prescribed for you.
Person Responsible	Your prescribing practitioner is responsible for obtaining prior authorization.

Process Ask your practitioner to call us with the necessary information. If your practitioner has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription. Nonparticipating pharmacists will fill a prescription without prior authorization, but you will be responsible for paying the charge.

Wellmark will respond to a prior authorization request within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Calls received after 4:00 p.m. are considered the next business day.

Importance If you purchase a drug that requires prior authorization, but prior authorization has not been obtained, you are responsible for paying the entire amount charged.

7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1 or beginning on the day your coverage goes into effect. The benefit year starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your deductible and out-of-pocket maximum, for facility services will be based on the amounts in effect on the date you were admitted. However, your payment obligations, including your deductible and out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:

- Deductible.
- Coinsurance.
- Out-of-pocket maximum.
- Benefits maximum.

How Coinsurance is Calculated

The amount on which coinsurance is calculated depends on the state where you receive a covered service and the contracting status of the provider.

PPO Providers in the Wellmark Service Area and Out-of-Network Providers

Coinsurance is calculated using the payment arrangement amount after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 31.

The No Surprises Act may impact deductible, coinsurance, and out-of-pocket maximum calculations. See *Payment Details*, page 4.

PPO and Participating Providers Outside the Wellmark Service Area

The coinsurance for covered services is calculated on the lower of:

- The amount charged for the covered service, or
- The negotiated price that the Host Blue makes available to Wellmark after the following amounts (if applicable) are subtracted from it:
 - Deductible.
 - Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 31.

Often, the negotiated price will be a simple discount that reflects an actual price the

local Host Blue paid to your provider. Sometimes, the negotiated price is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, the negotiated price may be an average price based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price. Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or under-estimation of modifications of past pricing for the types of transaction modifications noted previously. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Occasionally, claims for services you receive from a provider that participates with a Blue Cross and/or Blue Shield Plan outside of Iowa or South Dakota may need to be processed by Wellmark instead of by the BlueCard Program. In that case, coinsurance is calculated using the payment arrangement amount for covered services after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 31.

Laws in a small number of states may require the Host Blue Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Wellmark will calculate your payment obligation for any covered services according to applicable law. For more information, see *BlueCard Program*, page 38.

The No Surprises Act may impact deductible, coinsurance, and out-of-pocket

maximum calculations. See *Payment Details*, page 4.

Provider Network

Under the medical benefits of this plan, your network of providers consists of PPO and Participating providers. All other providers are Out-of-Network Providers.

PPO Providers

Blue Cross and Blue Shield Plans have contracting relationships with PPO Providers. When you receive services from PPO Providers:

- The PPO payment obligation amounts may be waived or may be less than the Participating and Out-of-Network amounts for certain covered services. See *Waived Payment Obligations*, page 5.
- These providers agree to accept Wellmark's payment arrangements, or payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The health plan payment is sent directly to the provider.

Participating Providers

Wellmark and Blue Cross and/or Blue Shield Plans have contracting relationships with Participating Providers. Pharmacies that contract with our pharmacy benefits manager are considered in-network. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at *myWellmark.com*, or call the Customer Service number on your ID card. When you receive services from Participating Providers:

- The Participating payment obligation amounts may be waived or may be less than the Out-of-Network amounts for certain covered services. See *Waived Payment Obligations*, page 5.

- These providers agree to accept Wellmark's payment arrangements, or payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The health plan payment is sent directly to the provider.

Out-of-Network Providers

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with Out-of-Network Providers, and they may not accept our payment arrangements. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. Therefore, when you receive services from Out-of-Network Providers:

- The following is true unless the no Surprises Act applies:
You are responsible for any difference between the amount charged and the maximum allowable fee for a covered service when the maximum allowable fee is less than the practitioner's charge. In the case of services received outside Iowa or South Dakota, our maximum payment for services by an Out-of-Network Provider may be the lesser of Wellmark's maximum allowable fee or the amount allowed by the Blue Cross or Blue Shield Plan in the state where the provider is located. See *Services Outside the Wellmark Service Area*, page 38. However, when you receive services in an in-network facility and are provided covered services by an Out-of-Network ancillary provider, in-network cost-share will be applied and accumulate toward the out-of-pocket maximum. For this purpose, ancillary providers include pathologists, emergency room physicians, anesthesiologists, radiologists, or hospitalists. Because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you

will still be responsible for any difference between the billed charge and our settlement amount for the services from the Out-of-Network ancillary provider unless the No Surprises Act applies.

- Wellmark does not make claim payments directly to these providers, and you are responsible for ensuring that your provider is paid in full, unless the No Surprises Act applies, in which case Wellmark will pay the Out-of-Network Provider directly.
- The group health plan payment for Out-of-Network hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you, and you are responsible for forwarding the check to the provider (plus any billed balance you may owe), unless the No Surprises Act applies, in which case Wellmark will pay the Out-of-Network Provider directly.
- When the No Surprises Act applies to your items or services, you cannot be billed for the difference between the amount charged and the total amount paid by us. The only exception to this would be if an eligible Out-of-Network Provider performing services in a participating facility gives you proper notice in plain language that you will be receiving services from an Out-of-Network Provider and you consent to be balance-billed and to have the amount that you pay determined without reference to the No Surprises Act. Certain providers are not permitted to provide notice and request consent for this purpose. These include items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or nonphysician practitioner; items and services provided by assistant surgeons, hospitalists, and intensivists; diagnostic services, including radiology and laboratory services; and items and services provided by an Out-of-Network Provider, only if there is no Participating

Provider who can furnish such item or service at such facility.

Amount Charged and Maximum Allowable Fee

Amount Charged

The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or supplies are covered under your medical benefits.

Maximum Allowable Fee

The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. In most instances, Wellmark's amount paid is based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee. In most instances, the maximum allowable fee for Out-of-Network Providers is less than the maximum allowable fee for in-network providers.

Payment Arrangements

Payment Arrangement Savings

Wellmark has contracting relationships with PPO Providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- *Network Savings*, which reflects the amount you save on a claim by receiving services from a Participating or PPO provider. For the majority of services, the savings reflects the actual amount you save on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a Participating or PPO provider, your payment responsibility will always be based on

the lesser of the covered charge or the maximum allowable fee.

- *Amount Not Covered*, which reflects the portion of provider charges not covered under your health benefits and for which you may be responsible. This amount may include services or supplies not covered; amounts in excess of a benefit maximum, benefit year maximum, or lifetime benefits maximum; denials for failure to follow a required precertification; and the difference between the amount charged and the maximum allowable fee for services from an Out-of-Network Provider. For general exclusions and examples of benefit limitations, see *General Conditions of Coverage, Exclusions, and Limitations*, page 31.
- *Medical Plan Paid*, which reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
 - Deductible.
 - Coinsurance.
 - Copayment.
 - Amounts representing any general exclusions and conditions.
 - Network savings.

Payment Method for Services

When you receive a covered service or services that result in multiple claims, we will calculate your payment obligations based on the order in which we process the claims.

Provider Payment Arrangements

Provider payment arrangements are calculated using industry methods including, but not limited to, fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider's performance. Performance-based amounts that are not distributed are not allocated to your specific group or to your specific claims and are not considered when

determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. PPO and Participating providers agree to accept our payment arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.

Wellmark Drug List

Often there is more than one medication available to treat the same medical condition. The Wellmark Drug List contains drugs and pharmacy durable medical equipment devices physicians recognize as medically effective for a wide range of health conditions.

The Wellmark Drug List was developed with the assistance of physicians, pharmacists, and Wellmark's pharmacy benefits manager. It is not a required list of medications and pharmacy durable medical equipment devices and physicians are not limited to prescribing only the drugs or pharmacy durable medical equipment devices that appear on the list. Physicians may prescribe any medication or pharmacy durable medical equipment device, and that medication or pharmacy durable medical equipment device will be covered unless it is specifically excluded under your medical benefits, or other limitations apply.

To determine if a drug or pharmacy durable medical equipment device is on the Wellmark Drug List, ask your physician, pharmacist, or visit our website, myWellmark.com.

The Wellmark Drug List is subject to change.

Special Programs

We evaluate and monitor changes in the pharmaceutical industry in order to determine clinically effective and cost-effective coverage options. These evaluations may prompt us to offer programs that encourage the use of reasonable alternatives. For example, we

may, at our discretion, temporarily waive your payment obligation on a qualifying prescription drug purchase.

Visit our website at myWellmark.com or call us to determine whether your prescription qualifies.

Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services. Drug manufacturers offer rebates to pharmacy benefits managers. Wellmark receives a share of these rebates from its pharmacy benefits manager. Any rebates we receive will be retained by us. The rebates will not be allocated to your specific group or to your specific claims and they will not be considered when determining your payment obligations.

8. Coverage Eligibility and Effective Date

Eligible Members

You are eligible for coverage if you meet your employer's or group sponsor's eligibility requirements. Your spouse may also be eligible for coverage if spouses are covered under this plan.

If a child is eligible for coverage under the employer's or group sponsor's eligibility requirements, the child must have one of the following relationships to the plan member or an enrolled spouse:

- A biological child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A biological child a court orders to be covered.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- An unmarried full-time student over the age of 26 enrolled in an accredited educational institution. Full-time student status continues during:
 - Regularly-scheduled school vacations; and
 - Medically necessary leaves of absence until the earlier of one year from the first day of leave or the date coverage would otherwise end.

- An unmarried child over the age of 26 who is deemed disabled. The disability must have existed before the child turned age 26 or while the child was a full-time student. Wellmark considers a dependent disabled when they meet the following criteria:
 - Claimed as a dependent on the employee's, plan member's, subscriber's, policyholder's, or retiree's tax return; and
 - Enrolled in and receiving Medicare benefits due to disability; or
 - Enrolled in and receiving Social Security benefits due to disability.

Documentation will be required.

Providing Social Security Numbers or Tax Identification Numbers

In order for Wellmark to report your coverage status to the federal government, you must provide to us your Social Security number or tax identification number and the Social Security numbers or tax identification numbers of all members covered under your coverage and of any member(s) added to your coverage. If you have a newborn child while you are covered under your group health plan, you must notify us of the newborn's social security number within six months of the child's birth. The IRS requires that Wellmark report this information using the Social Security number or tax identification number of the plan member and each dependent. If Wellmark does not have Social Security or tax identification numbers, we will be unable to report and send the information needed to complete federal tax returns. If you have not previously provided your Social Security number or tax identification number to Wellmark for all members covered under your coverage, you should contact us by calling the Customer Service number on your ID card. If you do not provide the Social Security numbers or taxpayer

identification numbers to Wellmark for this purpose, you will be subject to a \$50 penalty per violation imposed by the Internal Revenue Service.

When Plan Member and Spouse Are Both Eligible Employees

When a husband and wife are both employed by the State, they may enroll in single or family coverage. Employees cannot be covered as both an employee and a spouse under the State's health plans.

Please note: In addition to the preceding requirements, eligibility is affected by coverage enrollment events and coverage termination events. See *Coverage Change Events*, page 63.

Enrollment Requirements

Permanent or probationary employees who work 20 or more hours per week are eligible to apply:

- within 30 calendar days of the date of hire; or
- at the annual change period.

Promise Program

Promise Program employees, as established by Executive Order Number 27, may enroll in single or family coverage within 30 calendar days of expiration of their Medicaid benefits.

Program Selection/Program Movement

Rules on program selection and program movement are detailed in your *Employer's Procedures Manual* and *Collective Bargaining Agreements*.

When Coverage Begins

Coverage begins on the member's effective date.

Your coverage under this group health plan begins on your effective date, which is the first of the month following 30 days of active employment. **Please note:** The month of February is considered a 30-day period.

Any employee or former employee defined as eligible by the State of Iowa, whether actively at work or not, is accepted by the group health plan during an approved enrollment and change period.

This benefit booklet supersedes any other contractual language regarding the member's effective date, benefits available, eligibility, or payment for inpatient hospital, nursing facility, practitioner, or other inpatient charges for State of Iowa group members.

Services received before the effective date of coverage are not eligible for benefits.

Late Enrollees

A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See *Coverage Change Events*, page 63.

A late enrollee may enroll for coverage at the group's next renewal or enrollment period.

Changes to Information Related to You or to Your Benefits

Wellmark may, from time to time, permit changes to information relating to you or to your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

Qualified Medical Child Support Order

If you have a dependent child and you or your spouse's employer or group sponsor receives a Medical Child Support Order recognizing the child's right to enroll in this group health plan or in your spouse's benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has

been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:

- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide additional information, including actions that you and the appropriate insurer must take to determine the dependent's eligibility and procedures for enrollment in the benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your spouse's employer or group sponsor will withhold any applicable share of the cost of the dependent's health care coverage from your compensation and forward this amount to us.

If you are subject to a waiting period that expires more than 90 days after we receive the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the

dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent's eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent's enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent's coverage if:

- You or your spouse no longer pay the cost of coverage because the employer or group sponsor no longer owes compensation; or
- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

Family and Medical Leave Act of 1993

The Family and Medical Leave Act of 1993 (FMLA), requires a covered employer to allow an employee with 12 months or more of service who has worked for 1,250 hours over the previous 12 months and who is employed at a worksite where 50 or more employees are employed by the employer within 75 miles of that worksite a total of 12 weeks of leave per fiscal year for the birth of a child, placement of a child with the employee for adoption or foster care, care for the spouse, child or parent of the employee if the individual has a serious health condition or because of a serious

health condition, the employee is unable to perform any one of the essential functions of the employee's regular position. In addition, FMLA requires an employer to allow eligible employees to take up to 12 weeks of leave per 12-month period for qualifying exigencies arising out of a covered family member's active military duty in support of a contingency operation and to take up to 26 weeks of leave during a single 12-month period to care for a covered family member recovering from a serious illness or injury incurred in the line of duty during active service.

Any employee taking a leave under the FMLA shall be entitled to continue the employee's benefits during the duration of the leave. The employer must continue the benefits at the level and under the conditions of coverage that would have been provided if the employee had remained employed. **Please note:** The employee is still responsible for paying their share of the premium if applicable. If the employee for any reason fails to return from the leave, the employer may recover from the employee that premium or portion of the premium that the employer paid, provided the employee fails to return to work for any reason other than the reoccurrence of the serious health condition or circumstances beyond the control of the employee.

Leave taken under the FMLA does not constitute a qualifying event so as to trigger COBRA rights. However, a qualifying event triggering COBRA coverage may occur when it becomes known that the employee is not returning to work. Therefore, if an employee does not return at the end of the approved period of Family and Medical Leave and terminates employment with employer, the COBRA qualifying event occurs at that time.

If you have any questions regarding your eligibility or obligations under the FMLA, contact your employer or group sponsor.

9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Coverage Enrollment Events: Review the Department of Administrative Services' benefits website (<http://benefits.iowa.gov>) for a list of events that allow changes to your health insurance enrollment.

Requirement to Notify Group Sponsor

You must notify your employer or group sponsor of an event that allows you to add members or make changes to the coverage status of members.

Birth of a Child. In the event of a birth, notification to your employer or group sponsor is required for both single and family policyholders. Notification must occur within 60 days of the date of birth.

If a single contract is in effect at the time of the birth of a biological child, the employee must submit an application form to change to a family contract within 60 days of the date of the birth. The effective date of the family contract will be the first day of the month in which the biological child was born. Appropriate employee deductions for payment of the family contract must be paid retroactively to reflect the change to a family contract.

If the single contract holder does not submit the application for family coverage within 60 days of the birth of the biological child, benefit payments will not be made retroactive to the date of birth. The single contract holder will not be able to change benefits until the next annual enrollment and change period unless another qualified life event occurs during the year and the benefit change requested is consistent with the qualifying event.

Adoption, Legal Custody, or Legal Guardianship. The following provisions apply for adoptions or obtaining legal custody or legal guardianship:

If a newborn child is adopted within 30 days of birth or has been placed in your home for the purposes of adoption within 30 days of birth, the effective date of coverage can be:

- the first of the month, in which the child was born; or
- the first of the month following the child's birth.

If you adopt a child or a child is placed in your home for the purposes of adoption more than 30 days after the child's date of birth, the effective date of coverage will be the first of the month in which the adoption or placement for adoption occurs. If you obtain legal custody or legal guardianship of a child more than 30 days after the child's date of birth, the effective date of coverage will also be the first of the month in which the legal action occurs.

Your application for coverage must be signed within 60 days of the event to add the new child to the existing family contract or allow a single contract to be changed to a family contract.

Legal documentation must accompany the application to add the new child indicating:

- employee name and social security number;
- date of birth of the child; and
- date awarded physical custody.

If custody is lost, it is the employee's responsibility to immediately notify their human resources associate or personnel assistant.

Medicaid or the Children's Health Insurance Program. Notify your

employer or group sponsor within 60 days in case of the following events:

- You lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) (the *hawk-i* plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

All Other Events. For all other events, your employer or group sponsor must allow a minimum of 30 days for notification of an event that allows you to add members or make changes to the coverage status of members. See your employer or group sponsor for details.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

If you do not provide timely notification of a coverage enrollment event, the affected person may not enroll until an annual group enrollment period.

Coverage Termination

The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer's or group sponsor's eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We decide to discontinue offering this group health benefit plan by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 90 days prior to termination.
- We decide to nonrenew all group health benefit plans delivered or issued for delivery to employers in Iowa by giving written notice to you and your employer or group sponsor and the Commissioner

of Insurance at least 180 days prior to termination.

- The number of individuals covered under this group health plan falls below the number or percentage of eligible individuals required to be covered.
- Your employer sends a written request to terminate coverage.

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end at the end of the month your employment ends. When your coverage terminates for all other reasons, check with your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining benefits maximums, as applicable, under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

Fraud or Intentional Misrepresentation of Material Facts

Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally

misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made, minus any premiums paid.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.
- We will retain legal rights, including the right to bring a civil action.

Nonpayment

If you or your employer or group sponsor fail to make required payments to us when due or within the allowed grace period, your coverage will terminate the last day of the month in which the required payments are due.

Any payment(s) remitted to Wellmark that are returned by the bank account holder's bank as unpaid will be subject to a returned payment fee. The bank account holder will be responsible for this fee.

The terms of reinstatement will require payment of a reinstatement fee. The notice will detail the amount due and the final deadline for the reinstatement payment to be made.

Coverage Continuation

When your coverage ends, you may be eligible to continue coverage under this group health plan.

COBRA Continuation

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to most employers with 20 or more employees. Generally, COBRA entitles you and eligible dependents to continue coverage if it is lost due to a qualifying event, such as employment termination, divorce, or loss of

dependent status. You and your eligible dependents will be required to pay for continuation coverage. Other federal or state laws similar to COBRA may apply if COBRA does not. Your employer or group sponsor is required to provide you with additional information on continuation coverage if a qualifying event occurs.

Continuation for Public Group

Iowa Code Sections 509A.7 and 509A.13 may apply if you are an employee of the State. Iowa Code Section 509A.13A may apply to the surviving spouse of a retired State employee. These laws may entitle you to continue participation in this medical benefits plan when you retire. You are responsible for paying any premiums to your employer.

Coverage Continuation or Reenrollment Upon Death of Eligible Peace Officer or Fire Fighter in the Line of Duty

Pursuant to Iowa Code Section 509A.13C, a governing body, county board of supervisors, or city council that sponsors a health care coverage plan for its employees under Iowa Code chapter 509A shall permit continuation of existing coverage or reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter. An "eligible peace officer or fire fighter" means a peace officer, as defined in Iowa Code Section 801.4, or a fire fighter, as defined in Iowa Code Section 411.1, to which a line of duty death benefit is payable pursuant to Iowa Code Section 97A.6, Subsection 16, Iowa Code Section 97B.52, Subsection 2, or Iowa Code Section 411.6, Subsection 15. A governing body, a county board of supervisors, or a city council shall also permit continuation of existing coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter until such time as the determination is made as to whether to provide a line of duty death benefit.

Iowa Code Section 509A.13C applies retroactively to allow reenrollment in

previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter who died in the line of duty on or after January 1, 1985. Coverage benefits will be provided for services on or after the date of reenrollment.

Eligibility for continuation and reenrollment are subject to any applicable conditions and limitations in Iowa Code Section 509A.13C. To request coverage continuation or reenrollment under Iowa Code Section 509A.13C, the surviving spouse, on their behalf and on behalf of each surviving child, must provide written notification to the applicable governing body, county board of supervisors, or city council. The governing body, county board of supervisors, or city council must then notify Wellmark of the continuation or reenrollment request.

The governing body, county board of supervisors, or city council is not required to pay for the cost of the coverage for the surviving spouse and children but may choose to pay the cost or a portion of the cost for the coverage. If the full cost of the coverage is not paid by the governing body, county board of supervisors, or city council, the surviving spouse, on their behalf and on behalf of each surviving child, may elect to continue the health care coverage by paying that portion of the cost of the coverage not paid by the governing body, county board of supervisors, or city council.

The continuation and reenrollment options are not available if the surviving spouse or surviving child who would otherwise be entitled to continuation or reenrollment under this section was, through the surviving spouse's or surviving child's actions, a substantial contributing factor to the death of the eligible peace officer or fire fighter.

10. Claims

Once you receive services, we must receive a claim to determine the amount of your benefits. The claim lets us know the services you received, when you received them, and from which provider.

Neither you nor your provider shall bill Wellmark for services provided under a direct primary care agreement as authorized under Iowa law.

When to File a Claim

You need to file a claim if you:

- Use a provider or pharmacy who does not file claims for you. Participating and PPO providers file claims for you.

Wellmark must receive claims within 180 days following the date of service of the claim (or 180 days from date of discharge for inpatient claims) or if you have other coverage that has primary responsibility for payment then within 180 days of the date of the other carrier's explanation of benefits. If you receive services outside of Wellmark's service area, Wellmark must receive the claim within 180 days following the date of service (or 180 days from date of discharge for inpatient claims) or within the filing requirement in the contractual agreement between the Participating Provider and the Host Blue. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service or date of discharge for inpatient claims.

How to File a Claim

All claims must be submitted in writing.

1. Get a Claim Form

Forms are available at Wellmark.com/member/forms or by calling the Customer Service number on your ID card or from your personnel department.

2. Fill Out the Claim Form

Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider's stationery, and include at least the following:
 - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
 - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
 - Date(s) of service.
 - Charge for each service.
 - Place of service (office, hospital, etc.).
 - For injury or illness: date and diagnosis.
 - For inpatient claims: admission date, patient status, attending physician ID.
 - Days or units of service.
 - Revenue, diagnosis, and procedure codes.

- Description of each service.

Prescription Drugs Claim Form. For prescription drugs covered under your medical benefits, use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist's signature on it.

3. Sign the Claim Form

4. Submit the Claim

We recommend you retain a copy for your records. The original form you send or any attachments sent with the form cannot be returned to you.

Medical Claims. Send the claim to:

Wellmark
Station 1E238
P.O. Box 9291
Des Moines, IA 50306-9291

Prescription Drug Claims. Send the claim to the address printed on the claim form.

Claims for Services Received Outside the United States. Send the claim to the address printed on the claim form.

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

Notification of Decision

You will receive an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you, the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 71.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment. In the case of Out-of-Network hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.

Request for Benefit Exception Review

If you have received an adverse benefit determination that denies or reduces benefits or fails to provide payment in whole or in part for any of the following services, when recommended by your treating provider as medically necessary, you or an individual acting as your authorized representative may request a benefit exception review.

Services subject to this exception process:

- For a woman who previously has had breast cancer, ovarian cancer, or other cancer, but who has not been diagnosed with BRCA-related cancer, appropriate preventive screening, genetic counseling, and genetic testing.
- For transgender individuals, sex-specific preventive care services (e.g., mammograms and Pap smears) that your attending provider has determined are medically appropriate.
- For dependent children, certain well-woman preventive care services that the attending provider determined are age- and developmentally-appropriate.
- Anesthesia services (or other integral services, such as polyp removal, collection of a specimen for recommended screenings, or a follow-up colonoscopy after a positive non-invasive stool-based screening test or direct visualization screening test) in connection with a preventive colonoscopy when your attending provider determined that anesthesia would be medically appropriate.
- A required consultation prior to a screening colonoscopy, if your attending provider determined that the pre-procedure consultation would be medically appropriate for you.
- If you received pathology services from an in-network provider related to a preventive colonoscopy screening for which you were responsible for a portion of the cost, such as a deductible, copayment or coinsurance.
- Certain immunizations that ACIP recommends for specified individuals (rather than for routine use for an entire population), when prescribed by your health care provider consistent with the ACIP recommendations.
- Contraceptive services and FDA-approved, cleared, or granted contraceptive products (including drugs and drug-led devices for which there is a covered therapeutic equivalent), if an

individual's attending provider has determined the specific product or care to be medically appropriate for the individual. Other pre- or post-operative items and services integral to the contraceptive service, such as a pregnancy test or services integral to sterilization surgeries (including but not limited to tubal ligation).

- Services provided that are integral to the above listed preventive services.

You may request a benefit exception review orally or in writing by submitting your request to the address listed in the *Appeals* section. To be considered, your request must include supporting medical record documentation and a letter or statement from your treating provider that the services or supplies were medically necessary and your treating provider's reason(s) for their determination that the services or supplies were medically necessary.

Your request will be addressed within the timeframes outlined in the *Appeals* section based upon whether your request is a medically urgent or non-medically urgent matter.

11. Coordination of Benefits

Coordination of benefits applies when you have more than one plan, insurance policy, or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan's method.

Other Coverage

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.
- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage, as defined by Iowa law.

- School accident-type coverage.
- Benefits for nonmedical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your Participating or PPO provider will forward your coverage information to us. If you see an Out-of-Network Provider, you are responsible for informing us about your other coverage.

Claim Filing

If you know that your other coverage has primary responsibility for payment, after you receive services, a claim should be submitted to your other insurance carrier first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier's explanation of benefit payment within 180 days of the date of the other carrier's explanation of benefits. We may contact your provider or the other carrier for further information.

Rules of Coordination

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides the same or similar benefits as this group health plan. Here are some of those rules:

- The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.
- Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide Out-of-Network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.
- The coverage that you have as the result of active employment (not laid off or retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a

dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.

- If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, plan member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- The coverage with the earliest continuous effective date pays first if none of the rules above apply.
- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Dependent Children

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.

- For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:
 - If a court decree states that one of the parents is responsible for the child’s health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent’s coverage pays first. If the parent with responsibility has no health care coverage for the dependent child’s health care expenses, but that parent’s spouse does, that parent’s spouse’s coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - If a court decree states that both parents are responsible for the child’s health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent. A custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as outlined previously in this *Dependent Children* section.
- For a dependent child who has coverage under either or both parents’ plans and also has their own coverage as a dependent under a spouse’s plan, the plan that covered the dependent for the longer period of time is the primary plan. If the dependent child’s coverage under the spouse’s plan began on the same date as the dependent child’s coverage under either or both parents’ plans, the order of benefits shall be determined, as applicable, as outlined in the first bullet of this *Dependent Children* section, to the dependent child’s parent or parents and the dependent’s spouse.
- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Coordination with Noncomplying Plans

If you have coverage with another plan that is excess or always secondary or that does not comply with the preceding rules of coordination, we may coordinate benefits on the following basis:

- If this is the primary plan, we will pay its benefits first.
- If this is the secondary plan, we will pay benefits first, but the amount of benefits will be determined as if this plan were secondary. Our payment will be limited

to the amount we would have paid had this plan been primary.

- If the noncomplying plan does not provide information needed to determine benefits, we will assume that the benefits of the noncomplying plan are identical to this plan and will administer benefits accordingly. If we receive the necessary information within two years of payment of the claim, we will adjust payments accordingly.
- In the event that the noncomplying plan reduces its benefits so you receive less than you would have received if we had paid as the secondary plan and the noncomplying plan was primary, we will advance an amount equal to the difference. In no event will we advance more than we would have paid had this plan been primary, minus any amount previously paid. In consideration of the advance, we will be subrogated to all of your rights against the noncomplying plan. See *Subrogation*, page 88.
- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Effects on the Benefits of this Plan

In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its

applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

If a person is enrolled in two or more closed panel plans and if, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right of Recovery

If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the reasonable cash value of any benefits provided in the form of services.

Plans That Provide Benefits as Services

A secondary plan that provides benefits in the form of services may recover the reasonable cash value of the service from the primary plan, to the extent benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

Coordination with Medicare

Medicare is by law the secondary coverage to group health plans in a variety of situations.

The following provisions apply only if you have both Medicare and employer group health coverage and meet the specific Medicare Secondary Payer provisions for the applicable Medicare entitlement reason.

Medicare Part B Drugs

Drugs paid under Medicare Part B are covered under the medical benefits of this plan.

Working Aged

Medicare is the secondary payer if the beneficiary is:

- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

Working Disabled

Medicare is the secondary payer if the beneficiary is:

- Under age 65;
- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

End-Stage Renal Disease (ESRD)

Under ESRD requirements, Medicare is the secondary payer during the first 30 months of Medicare eligibility if both of the following are true:

- The beneficiary is eligible for Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes eligible for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws. For complete information, contact your employer or the Social Security Administration.

12. Appeals

Right of Appeal

You have the right to one full and fair review in the case of an adverse benefit determination, including a determination on a surprise bill, that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim, a rescission of coverage, or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.
- A prior authorization request for prescription drugs.

How to Request an Internal Appeal

You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, Wellmark.com/member/forms. See *Authorized Representative*, page 85.

Medically Urgent Appeal

To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal

To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal

You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

For a prescription drug appeal, you also must submit:

- Name and phone number of the pharmacy.
- Name and phone number of the practitioner who wrote the prescription.
- A copy of the prescription.
- A brief description of your medical reason for needing the prescription.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal

Wellmark Blue Cross and Blue Shield of Iowa
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232

Review of Internal Appeal

Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the adverse benefit determination whether or

not the information was presented or available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination. Any new information or rationale gathered or relied upon during the appeal process will be provided to you prior to Wellmark issuing a final adverse benefit determination and you will have the opportunity to respond to that information or to provide information.

The review will not be conducted by the original decision makers or any of their subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

Decision on Internal Appeal

The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

Medically Urgent Appeal

For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

All Other Appeals

For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days and all appeal requests will be determined within 60 days.

External Review

You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.
- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.
- Investigational or experimental services or supplies.
- A surprise bill.
- Concurrent review or admission to a facility. See *Notification Requirements and Care Coordination*, page 45.
- A rescission of coverage.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

Have you exhausted the appeal process?

Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

Requesting an external review. You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at Wellmark.com/member/forms, by contacting the Iowa Insurance Division, or

by visiting the Iowa Insurance Division's website at www.iid.iowa.gov.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months after you receive notice of the final adverse benefit determination:

Iowa Insurance Division
 1963 Bell Avenue, Suite 100
 Des Moines, IA 50315
 Fax: 515-654-6500
 E-mail:
iid.marketregulation@iid.iowa.gov

How the review works. Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

Need help? You may contact the Iowa Insurance Division at **877-955-1212** at any time for assistance with the external review process.

Expedited External Review

You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or

health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is investigational or experimental and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at **877-955-1212**.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

Arbitration and Legal Action

You shall not start arbitration or legal action against us until you have exhausted the appeal procedure described in this section. See the *Arbitration and Legal Action* section and *Governing Law*, page 87, for important information about your arbitration and legal action rights after you have exhausted the appeal procedures in this section.

13. Arbitration and Legal Action

PLEASE READ THIS SECTION
CAREFULLY

Mandatory Arbitration

You shall not start an action against us on any Claims (as defined below) unless you have first exhausted the appeal processes described in the *Appeals* section of this benefit booklet.

Except as solely discussed below, this section provides that Claims must be resolved by binding mandatory arbitration. Arbitration replaces the right to go to court, have a jury trial or initiate or participate in a class action. In arbitration, disputes are resolved by an arbitrator, not a judge or a jury. Arbitration procedures are simpler and more limited than in court.

Covered Claims

Except as solely stated below, you or we must arbitrate any claim, dispute or controversy arising out of or related to this benefit booklet or any other document related to your health plan, including, but not limited to, member eligibility, benefits under your health plan or administration of your health plan (any and/or all of the foregoing called "Claims").

Except as stated below, all Claims are subject to mandatory arbitration, no matter what legal theory they are based, whether in law or equity, upon or what remedy (damages, or injunctive or declaratory relief) they seek, including Claims based on contract, tort (including intentional tort), fraud, agency, your or our negligence, statutory or regulatory provisions, or any other sources of law; counterclaims, cross-claims, third-party claims, interpleaders or otherwise; Claims made regarding past, present or future conduct; and Claims made independently or with other claims. This also includes Claims made by or against anyone connected with us or you or claiming through us or you, or by someone

making a claim through us or you, such as a covered family member, employee, agent, representative, or an affiliated or subsidiary company. For purposes of this *Arbitration and Legal Action* section, the words "we," "us," and "our" refer to Wellmark, Inc., and its subsidiaries and affiliates, the plan sponsor and/or the plan administrator, as well as their respective directors, officers, employees and agents.

No Class Arbitrations and Class Actions Waiver

YOU UNDERSTAND AND AGREE THAT YOU AND WE BOTH ARE VOLUNTARILY AND IRREVOCABLY WAIVING THE RIGHT TO PURSUE OR HAVE A DISPUTE RESOLVED AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS, COLLECTIVE OR REPRESENTATIVE PROCEEDING PENDING BETWEEN YOU AND US. YOU ARE AGREEING TO GIVE UP THE ABILITY TO PARTICIPATE IN CLASS ARBITRATIONS, CLASS ACTIONS AND ANY OTHER COLLECTIVE OR REPRESENTATIVE ACTIONS. Neither you nor we consent to the incorporation of the AAA Supplementary Rules for Class Arbitration into the rules governing the arbitration of Claims. The arbitrator has no authority to arbitrate any claim on a class or representative basis and may award relief only on an individual basis. Claims of two or more persons may not be combined in the same arbitration, unless both you and we agree to do so.

Claims Excluded from Mandatory Arbitration

- Small Claims – individual Claims filed in a small claims court are not subject to arbitration, as long as the matter stays in small claims court.
- Claims Excluded By Applicable Law – federal or state law may exempt certain Claims from mandatory arbitration. **IF**

AN ARBITRATOR DETERMINES A PARTICULAR CLAIM IS EXCLUDED FROM ARBITRATION BY FEDERAL OR STATE LAW, CLAIMS EXCLUDED BY APPLICABLE LAW, LATER IN THIS SECTION, AND GOVERNING LAW, PAGE 87, WILL APPLY TO THE PARTIES AND SUCH PARTICULAR CLAIM.

Arbitration Process Generally

- No demand for arbitration of a Claim because of a health benefit claim under this plan, or because of the alleged breach of this plan, shall be made more than two years after the end of the calendar year in which the services or supplies were provided.
- Arbitration shall be conducted by the American Arbitration Association (“AAA”) according to the Federal Arbitration Act (“FAA”) (to the exclusion of any state laws inconsistent therewith), this arbitration provision and the applicable AAA Consumer Arbitration Rules in effect when the Claim is filed (“AAA Rules”), except where those rules conflict with this arbitration provision. You can obtain copies of the AAA Rules at the AAA’s website (www.adr.org). You or we may choose to have a hearing, appear at any hearing by phone or other electronic means, and/or be represented by counsel. Any in-person hearing will be held in the same city as the U.S. District Court closest to your billing address.
- Either you or we may apply to a court for emergency, temporary or preliminary injunctive relief or an order in aid of arbitration (i) prior to the appointment of an arbitrator or (ii) after the arbitrator makes a final award and closes the arbitration. Once an arbitrator has been appointed until the arbitration is closed, emergency, temporary or preliminary injunctive relief may only be granted by the arbitrator. Either you or we may apply to a court for enforcement of any emergency, temporary or preliminary injunctive relief granted by the arbitrator.
- Arbitration may be compelled at any time by either party, even where there is a pending lawsuit in court, unless a trial has begun or a final judgment has been entered. Neither you nor we waive the right to arbitrate by filing or serving a complaint, answer, counterclaim, motion, or discovery in a court lawsuit. To invoke arbitration, a party may file a motion to compel arbitration in a pending matter and/or commence arbitration by submitting the required AAA forms and requisite filing fees to the AAA.
- The arbitration shall be conducted by a single arbitrator in accordance with this arbitration provision and the AAA Rules, which may limit discovery. The arbitrator shall not apply any federal or state rules of civil procedure for discovery, but the arbitrator shall honor claims of privilege recognized at law and shall take reasonable steps to protect plan information and other confidential information of either party if requested to do so. The parties agree that the scope of discovery will be limited to non-privileged information that is relevant to the Claim, and consistent with the parties’ intent, the arbitrator shall ensure that allowed discovery is reasonable in scope, cost-effective and non-onerous to either party. The arbitrator shall apply the FAA and other applicable substantive law not inconsistent with the FAA, and may award damages or other relief under applicable law.
- The arbitrator shall make any award in writing and, if requested by you or us, may provide a brief written statement of the reasons for the award. An arbitration award shall decide the rights and obligations only of the parties named in the arbitration and shall not have any bearing on any other person or dispute.

IF ARBITRATION IS INVOKED BY ANY PARTY WITH RESPECT TO A CLAIM, NEITHER YOU NOR WE WILL HAVE THE RIGHT TO LITIGATE THAT CLAIM IN COURT OR HAVE A JURY TRIAL ON THAT CLAIM, OR TO ENGAGE IN PREARBITRATION DISCOVERY EXCEPT AS PROVIDED FOR IN THE APPLICABLE ARBITRATION RULES. THE ARBITRATOR'S DECISION WILL BE FINAL AND BINDING. YOU UNDERSTAND THAT OTHER RIGHTS THAT YOU WOULD HAVE IF YOU WENT TO COURT MAY ALSO NOT BE AVAILABLE IN ARBITRATION.

Arbitration Fees and Other Costs

The AAA Rules determine what costs you and we will pay to the AAA in connection with the arbitration process. In most instances, your responsibility for filing, administrative and arbitrator fees to pursue a Claim in arbitration will not exceed \$200. However, if the arbitrator decides that either the substance of your claim or the remedy you asked for is frivolous or brought for an improper purpose, the arbitrator will use the AAA Rules to determine whether you or we are responsible for the filing, administrative and arbitrator fees.

You may wish to consult with or be represented by an attorney during the arbitration process. Each party is responsible for its own attorney's fees and other expenses, such as witness fees and expert witness costs.

Confidentiality

The arbitration proceedings and arbitration award shall be maintained by the parties as strictly confidential, except as is otherwise required by court order, as is necessary to confirm, vacate or enforce the award, and for disclosure in confidence to the parties' respective attorneys and tax advisors of a party who is an individual.

Questions of Arbitrability

You and we mutually agree that the arbitrator, and not a court, will decide in the first instance all questions of substantive arbitrability, including without limitation the validity of this Section, whether you and we are bound by it, and whether this Section applies to a particular Claim.

Claims Excluded By Applicable Law

If an arbitrator determines a particular Claim is excluded from arbitration by federal or state law, you and we agree that the following terms will apply to any legal or equitable action brought in court because of such Claim:

- You shall not bring any legal or equitable action against us because of a health benefit claim under this plan, or because of the alleged breach of this plan, more than two years after the end of the calendar year in which the services or supplies were provided.
- Any action brought because of a Claim under this plan will be litigated in the state or federal courts located in the state of Iowa and in no other.
- **YOU AND WE BOTH WAIVE ANY RIGHT TO A JURY TRIAL WITH RESPECT TO AND IN ANY CLAIM.**
- **FURTHER, YOU AND WE BOTH WAIVE ANY RIGHT TO SEEK OR RECOVER PUNITIVE OR EXEMPLARY DAMAGES WITH RESPECT TO ANY CLAIM.**

Survival and Severability of Terms

This *Arbitration and Legal Action* section will survive termination of the plan. If any portion of this provision is deemed invalid or unenforceable under any law or statute it will not invalidate the remaining portions of this *Arbitration and Legal Action* section or the plan. To the extent a Claim qualifies for mandatory arbitration and there is a conflict or inconsistency between the AAA Rules

and this *Arbitration and Legal Action* section, this *Arbitration and Legal Action* section will govern.

14. General Provisions

Contract

The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This benefit booklet and any amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Benefit Booklet

We will interpret the provisions of this benefit booklet and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this benefit booklet. If any benefit described in this benefit booklet is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive, subject to the appeal procedures outlined earlier in this benefit booklet.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your benefit booklet. You should become familiar with the entire document.

Plan Year

The Plan Year has been designated and communicated to Wellmark by your group health plan's plan sponsor or plan administrator as the twelve month period commencing on the effective date of your

group health plan's annual renewal with Wellmark.

Authority to Terminate, Amend, or Modify

Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this benefit booklet at any time. Any amendment or modification will be in writing and will be as binding as this benefit booklet. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits Plan Changes

No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this benefit booklet. This benefit booklet cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor or as shown by payment of the premium.
- Our receipt of proper notification that an event has changed your spouse or dependent's eligibility for coverage. See *Coverage Changes and Termination*, page 63.

Authorized Representative

You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the information required in our Authorized Representative Form. This form is available at Wellmark.com/member/forms or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your

authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your representative at a time. You may revoke the authorized representative at any time.

Release of Information

By enrolling in this group health plan, you have agreed to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts when providing information, then we may terminate your coverage under this group health plan.

Privacy of Information

We are committed to protecting the privacy of your health information. We will request, use, or disclose your health information only as permitted or required by law.

Wellmark has issued a *Privacy Practices Notice*. This notice is available upon request or at Wellmark.com/about/privacy-policy.

We will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

Treatment

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

Payment

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain premiums, to issue explanations of benefits to the person enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

Health Care Operations

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, rating our risk and determining premiums for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

Other Disclosures

We will obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosures permitted by your authorization while it was in effect.

Member Health Support Services

Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:

- Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and
- Disclose such information to your health care providers and Wellmark's health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at Wellmark.com/about/privacy-policy.

Value Added or Innovative Benefits

Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. These value added or innovative benefits are not insurance and may be changed or eliminated at any time. Examples include Blue365®, identity theft protections, and discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions. Wellmark may also provide rewards or incentives under this plan if you participate in certain voluntary wellness activities or programs that encourage healthy behaviors. Your employer is responsible for any income and employment tax withholding, depositing and reporting obligations that may apply to the value of such rewards and incentives.

Value-Based Programs

Value-based programs involve local health care organizations that are held accountable

for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, the Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans ("Blue Plans"). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark and/or Blue Plan members. If your physician, hospital, or other health care provider participates in the Wellmark ACO program or other value-based program, Wellmark may make available to such health care providers your health care information, including claims information, for purposes of helping support their delivery of health care services to you.

Nonassignment

Except as required by law, benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. Whether made before or after services are provided, you are prohibited from assigning any claim. You are further prohibited from assigning any cause of action arising out of or relating to this group health plan. Any attempt to assign this group health plan, even if assignment includes the provider's rights to receive payment, will be null and void. Nothing contained in this group health plan shall be construed to make the health plan or Wellmark liable to any third party to whom a member may be liable for medical care, treatment, or services.

Governing Law

To the extent not superseded by the laws of the United States, the group health plan will be construed in accordance with and governed by the laws of the state of Iowa.

Medicaid Enrollment and Payments to Medicaid

Assignment of Rights

This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits under requirements established pursuant to Title XIX of the Social Security Act (Medicaid).

Enrollment Without Regard to Medicaid

Your receipt or eligibility for medical assistance under Title XIX of the Social Security Act (Medicaid) will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of any benefits paid to you.

Acquisition by States of Rights of Third Parties

If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in accordance with any state law under which a state acquires the right to such payments.

Medicaid Reimbursement

When a PPO or Participating provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark's total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

Subrogation

For purposes of this "Subrogation" section, "third party" includes, but is not limited to, any of the following:

- The responsible person or that person's insurer;
- Uninsured motorist coverage;
- Underinsured motorist coverage;
- Personal umbrella coverage;

- Other insurance coverage including, but not limited to, homeowner's, motor vehicle, or medical payments insurance; and
- Any other payment from a source intended to compensate you for injuries resulting from an accident or alleged negligence.

Right of Subrogation

If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which Wellmark provides benefits, Wellmark will be subrogated to you and your legal representative's rights to recover from the third party as a condition to your receipt of benefits.

Right of Reimbursement

If you have an illness or injury as a result of the act of a third party or arising out of obligations you have under a contract and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse Wellmark for all benefits paid for the illness or injury from money received from the third party or its insurer, or under the contract, to the extent of the amount paid by Wellmark on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, Wellmark will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any third party.

You agree to recognize Wellmark's rights to subrogation and reimbursement. These rights provide Wellmark with a priority over any money paid by a third party to you relative to the amount paid by Wellmark, including priority over any claim for nonmedical charges, or other costs and expenses. Wellmark will assume all rights of recovery, to the extent of payment, regardless of whether payment is made before or after settlement of a third party claim, and regardless of whether you have

received full or complete compensation for an illness or injury.

Procedures for Subrogation and Reimbursement

You or your legal representative must do whatever Wellmark requests with respect to the exercise of Wellmark's subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform Wellmark in writing if you have an illness or injury caused by a third party or arising out of obligations you have under a contract. You or your legal representative must provide the following information, by registered mail, as soon as reasonably practicable of such illness or injury to Wellmark as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the illness or injury or is a party to the contract, and of the attorney representing the third party;
- The name, address and telephone number of the third party's insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party's act;
- Prior to the meeting, the date, time and location of any meeting between the third party or their attorney and you, or your attorney;
- All terms of any settlement offer made by the third party or their insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or their insurer or your insurer, and the date that the money was received;
- Prior to settlement, all information related to any oral or written settlement

agreement between you and the third party or their insurer or your insurer;

- All information regarding any legal action that has been brought on your behalf against the third party or their insurer; and
- All other information requested by Wellmark.

Send this information to:

Wellmark Blue Cross and Blue Shield of Iowa
1331 Grand Avenue, Station 5W580
Des Moines, IA 50309-2901

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid by Wellmark in connection with the illness or injury) in trust for the benefit of Wellmark as trustee(s) for Wellmark until the extent of our right to reimbursement or subrogation has been resolved.
- In the event you invoke your rights of recovery against a third-party related to

the illness or injury, you will not seek an advancement of costs or fees from Wellmark.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, Wellmark shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event Wellmark deems it necessary to institute legal action against you if you fail to repay Wellmark as required in this group health plan, you shall be liable for the amount of such payments made by Wellmark as well as all of Wellmark's costs of collection, including reasonable attorney fees and costs.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Wellmark's right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

Workers' Compensation

If you have received benefits under this group health plan for an injury or condition that is the subject or basis of a workers' compensation claim (whether litigated or

not), we are entitled to reimbursement to the extent benefits are paid under this plan in the event that your claim is accepted or adjudged to be covered under workers' compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers' compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not be liable for any attorney's fees or other expenses incurred in obtaining any proceeds for any workers' compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

Payment in Error

If for any reason we make payment in error, we may recover the amount we paid.

If we determine we did not make full payment, Wellmark will make the correct payment without interest.

Notice

If a specific address has not been provided elsewhere in this benefit booklet, you may send any notice to Wellmark's home office:

Wellmark Blue Cross and Blue Shield of
Iowa
1331 Grand Avenue
Des Moines, IA 50309-2901

Any notice from Wellmark to you is acceptable when sent to your address as it appears on Wellmark's records or the address of the group through which you are enrolled.

Submitting a Complaint

If you are dissatisfied or have a complaint regarding our products or services, call the Customer Service number on your ID card. We will attempt to resolve the issue in a timely manner. You may also contact Customer Service for information on where to send a written complaint.

Consent to Telephone Calls and Text or Email Notifications

By enrolling in this employer sponsored group health plan, and providing your phone number and email address to your employer or to Wellmark, you give express consent to Wellmark and the Iowa Department of Administrative Services to contact you using the email address or residential or cellular telephone number provided via live or pre-recorded voice call, or text message notification or email notification. Wellmark or the Iowa Department of Administrative Services may contact you for purposes of providing important information about your plan and benefits, or to offer additional products and services related to your Wellmark plan. You may revoke this consent by following instructions given to you in the email, text or call notifications, or by telling the Wellmark representative that you no longer want to receive calls.

Glossary

The definitions in this section are terms that are used in various sections of this benefit booklet. A term that appears in only one section is defined in that section.

Accidental Injury. An injury, independent of disease or bodily infirmity or any other cause, that happens by chance and requires immediate medical attention.

Admission. Formal acceptance as a patient to a hospital or other covered health care facility for a health condition.

Amount Charged. The amount that a provider bills for a service or supply, whether or not it is covered under this group health plan.

Benefits. Medically necessary services or supplies that qualify for payment under this group health plan.

BlueCard Program. The Blue Cross Blue Shield Association program that permits members of any Blue Cross or Blue Shield Plan to have access to the advantages of PPO Providers throughout the United States.

Continuing Care Patient is an individual who, with respect to a provider or facility:

- is undergoing a course of treatment for a serious or complex condition from the provider or facility;
- is undergoing a course of institutional or inpatient care from the provider or facility;
- is scheduled to undergo nonelective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
- is pregnant and undergoing a course of treatment for the pregnancy, including postpartum care related to childbirth and delivery from the provider or facility; or
- is or was determined to be terminally ill (as determined under section 1861(dd)(3)(A) of the Social Security

Act) and is receiving treatment for such illness from such provider or facility.

Creditable Coverage. Any of the following categories of coverage:

- Group health plan (including government and church plans).
- Health insurance coverage (including group, individual, and short-term limited duration coverage).
- Medicare (Part A or B of Title XVIII of the Social Security Act).
- Medicaid (Title XIX of the Social Security Act).
- Medical care for members and certain former members of the uniformed services, and for their dependents (Chapter 55 of Title 10, United States Code).
- A medical care program of the Indian Health Service or of a tribal organization.
- A state health benefits risk pool.
- Federal Employee Health Benefit Plan (a health plan offered under Chapter 89 of Title 5, United States Code).
- A State Children's Health Insurance Program (S-CHIP).
- A public health plan as defined in federal regulations (including health coverage provided under a plan established or maintained by a foreign country or political subdivision).
- A health benefits plan under Section 5(e) of the Peace Corps Act.
- An organized delivery system licensed by the director of public health.

Extended Home Skilled Nursing.

Home skilled nursing care, other than short-term home skilled nursing, provided in the home by a registered (R.N.) or licensed practical nurse (L.P.N.) who is associated with an agency accredited by the

Joint Commission for Accreditation of Health Care Organizations (JCAHO) or a Medicare-certified agency that is ordered by a physician and consists of four or more hours per day of continuous nursing care that requires the technical proficiency and knowledge of an R.N. or L.P.N.

Group. Those plan members who share a common relationship, such as employment or membership.

Group Sponsor. The entity that sponsors this group health plan.

Habilitative Services. Health care services that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Illness or Injury. Any bodily disorder, bodily injury, disease, or mental health condition, including pregnancy and complications of pregnancy.

Inpatient. Services received, or a person receiving services, while admitted to a health care facility for at least an overnight stay.

Medically Urgent. A situation where a longer, non-urgent response time could seriously jeopardize the life or health of the plan member seeking services or, in the opinion of a physician with knowledge of the member's medical condition, would subject the member to severe pain that cannot be managed without the services in question.

Medicare. The federal government health insurance program established under Title XVIII of the Social Security Act for people age 65 and older and for individuals of any age entitled to monthly disability benefits under Social Security or the Railroad Retirement Program. It is also for those

with chronic renal disease who require hemodialysis or kidney transplant.

Member. A person covered under this group health plan.

Office. An office setting is the room or rooms in which the practitioner or staff provide patient care.

Out-of-Network Provider. A facility or practitioner that does not participate with Wellmark or any other Blue Cross and/or Blue Shield Plan. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers.

Outpatient. Services received, or a person receiving services, in the outpatient department of a hospital, an ambulatory surgery center, Licensed Psychiatric or Mental Health Treatment Facility, Licensed Substance Abuse Treatment Facility, or the home.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with a PPO network. Pharmacies that contract with our pharmacy benefits manager are considered in-network.

Plan Member. The person who signed for this group health plan.

Plan Year. A date used for purposes of determining compliance with federal legislation.

PPO Provider. A facility or practitioner that participates with the Wellmark Blue PPO network or with a Blue Cross and/or Blue Shield PPO network in another state or service area.

Serious and Complex Condition. A condition, with respect to a participant, beneficiary, or enrollee under a group health plan or group or individual health insurance coverage:

- in the case of an acute illness, a condition that is serious enough to require specialized medical treatment to

avoid the reasonable possibility of death or permanent harm; or

- in the case of a chronic illness or condition, a condition that:
 - is life-threatening, degenerative, potentially disabling, or congenital; and
 - requires specialized medical care over a prolonged period of time.

Services or Supplies. Any services, supplies, treatments, devices, or drugs, as applicable in the context of this benefit booklet, that may be used to diagnose or treat a medical condition.

Spouse. A man or woman lawfully married to a covered member.

Urgent Care Centers provide medical care without an appointment during all hours of operation to walk-in patients of all ages who are ill or injured and require immediate care but may not require the services of a hospital emergency room.

We, Our, Us. Wellmark Blue Cross and Blue Shield of Iowa.

X-ray and Lab Services. Tests, screenings, imagings, and evaluation procedures identified in the American Medical Association's Current Procedural Terminology (CPT) manual, Standard Edition, under *Radiology Guidelines* and *Pathology and Laboratory Guidelines*.

You, Your. The plan member and family members eligible for coverage under this group health plan.
