### Lactation Rooms

The State of Iowa supports breastfeeding and most buildings have at least one designated lactation room available for use. If a specific lactation room is not available within the building, accommodations will be made to provide space for mothers desiring a lactation room.

# **Retirement**

## **Retirement Investors' Club (RIC)**

The Retirement Investors' Club (RIC) is a voluntary retirement savings program that allows the employee to set aside a portion of their salary to help supplement the state-sponsored retirement plan and Social Security benefits. There are no vesting requirements in this program.

The employee cost will depend on the investment(s) chosen. Fees range from 0-1.09 percent of the employee's invested assets. Descriptions of the 457/401(a) Plan and 403(b) Plan follow.

### **457/401(a) Plan**

**Eligibility:** All employees who work 20 hours or more per week or have a fixed annual salary are eligible to participate.

While participating in RIC, payroll deductions in the amount chosen are taken from the employee's paycheck (pretax or post-tax, at their election) and deposited into their selection of investments in a 457 employee contribution account.

**State Match:** At the same time, the State makes match contributions into the employee's selection of investments in a 401(a) employer match account. The match is \$1 for every \$1 contributed up to a \$75 monthly maximum (excluding legislators.)

### **403(b) Plan**

**Eligibility:** All employees of the Department of Education (including the Division of Vocational Rehabilitation and IPTV) are eligible to participate.

While participating in RIC, payroll deductions in the amount the employee selects are taken from their paycheck (pretax or post-tax, at their election) and deposited into their selection of investments in a 403(b) employee contribution account.

## **Iowa Public Employees' Retirement System (IPERS)**

The employee and the State of Iowa contribute a set percentage of the employee's pretax pay to IPERS. The deductions come out of your check automatically.

For more information go to <https://ipers.org/about/contribution-rates>.

IPERS is a "defined benefit" retirement plan. Being a defined benefit plan means IPERS uses a set formula to calculate benefits at retirement, providing a lifetime monthly benefit that cannot be outlived.
