

Retiree Dental Open Enrollment for 2027

October 15, 2026 – December 7, 2026

During the Dental Open Enrollment period, you may change your coverage level and/or add eligible family members to your coverage.

If you do not actively change your dental insurance election, your 2026 coverage will automatically roll over for 2027.

2027 Dental Premiums

Coverage Level	Monthly Premium
Retiree	\$39.00 per month
Family	\$99.00 per month

The State of Iowa dental plan has only single and family rates. We do not offer rates for a retiree plus one.

If you want your dental policy to cover you and your spouse (who is not a State of Iowa retiree), you must have a family policy. More information is available on the DAS Retiree website at <https://das.iowa.gov/retiree-open-enrollment>.

New Benefit for 2027

The State has contracted with Delta Dental to offer vision insurance to benefit-eligible State of Iowa employees and retirees. Enrollment will be done through a paper application process and needs to be completed during the Open Enrollment period. You will receive a separate mailing for this plan option, which will include a plan overview, premium amounts, and an application. All of this information and related forms can also be found on the retiree open enrollment web page (<https://das.iowa.gov/retiree-open-enrollment>).

IMPORTANT NOTE: If you drop State of Iowa dental coverage, you cannot rejoin the group at a later date.

Application Process

If you choose to add or remove eligible family members from your dental coverage for 2027, you need to submit a new Delta Dental application.
