State of Iowa Capitol Complex Site Feature Policy

PREAMBLE

The Iowa State Capitol Planning Commission, as the statutorily designated advisor to the Governor, Legislature and Department of Administrative Services regarding the design and development of the Capitol Complex, is committed to developing the Capitol Complex for the accessible use and enjoyment by Iowa citizens and Iowa visitors.

SECTION I – INTENT & PURPOSE

- A. This policy is intended to implement the portion of the Iowa State Capitol Planning Commission's statutory responsibilities concerning installation of Site Features pursuant to Iowa Code § 8A.373.
- B. In particular, the purpose of this policy is to ensure that the Commission's recommendations are governed by clear criteria to the end that Site Feature applications are consistently, fully and fairly considered.
- C. This policy will provide the Capitol Planning Commission and the Iowa Department of Administrative Services with a framework and specific criteria for consideration of Site Features proposed for location on the grounds of Iowa State Capitol Complex.

SECTION II – PRIMARY CRITERIA

- A. Site Features may include, but may not be limited to, statues, monuments, fountains, memorials, plazas, and other works of public art that honor Iowa's history and culture, such as important patriotic, cultural, or historic persons, events or educational and cultural concepts.
- B. Appropriately designed and located, Site Features must add significantly to the dignity and beauty of the Capitol Complex. While serving this function, Site Features will advance the tenets of the Iowa State Capitol Complex Master Plan, as currently amended and administered by the Iowa Department of Administrative Services, and, as such, Site Features may provide a terminus or focal point for a view; help organize and give interest and scale to Capitol Complex open spaces; and even help to define Capitol Complex site areas.

SECTION III – SITE FEATURE REQUIREMENTS

Site Features on the Capitol Grounds shall:

- A. Preserve and enhance the dignity, beauty, architectural integrity, and the public use and enjoyment of the Iowa State Capitol Complex.
- B. Protect the most scenic public views to and from the Capitol.
- C. Not interfere with any existing Site Features, Capitol Complex buildings, or public functions.
- D. Be sensitive to the relationship of the Iowa State Capitol Complex to adjacent neighborhoods and the city of Des Moines.
- E. Accommodate pedestrian and motorized and non-motorized vehicular traffic that promote public accessibility where appropriate.
- F. Be consistent with the Iowa State Capitol Complex Master Plan.
- G. Be nonpartisan, meaning the Site Feature is not based upon, influenced by, affiliated with or supporting the interests or policies of a single political party.
- H. Provide an enriching experience that illuminates and celebrates common values and broadens understanding of Iowa's heritage and culture.
- I. Not identify financial contributors to the Site Feature unless authorized by executive order of the governor or joint resolution of the General Assembly.
- J. Comply with applicable Americans with Disability Act standards.
- K. Consist of materials chosen for durability, appearance and maintainability.
- L. When honoring an event, individual or group of individuals, only be accepted following the 10th anniversary of the event; the 10th anniversary of the individual's death; or the death of the last surviving member of the group.

State of Iowa Capitol Complex Site Feature Policy

(continued)

SECTION IV – APPLICATION

Those persons or organizations who wish to install a Site Feature on the State Capitol grounds must submit an Iowa State Capitol Complex Site Feature Application, as furnished by the Iowa Department of Administrative Services.

All Site Feature requirements must be met in order for the Site Feature to be considered; however, meeting these requirements is not a guarantee of acceptance.

SECTION V – APPLICATION REVIEW

- A. The Director of the Iowa Department of Administrative Services will review each Iowa State Capitol Complex Site Feature Application.
- B. Upon determining a submitted application complies with all the requirements, an application for a permanent Site Feature will be referred to the Iowa State Capitol Planning Commission with the Director's recommendation.
- C. Applications for a temporary Site Feature will be evaluated by the Director without referral to the Commission.
- D. The Director will regularly submit a report of all Site Feature application dispositions occurring since the Commission's last meeting.
- E. Upon receiving a permanent Site Feature application, the Capitol Planning Commission will determine if the application should be referred to its Site Features Committee for evaluation and recommendation.
- F. If the Site Feature Application is referred to the Site Features Committee, the Committee will investigate and evaluate the application based on the requirements defined in Section III and the Site Feature Application.
- G. The Committee will make a report to the Commission with a recommendation for further action.
- H. Upon receipt of the Committee's report, the Commission may re-refer the matter to the Committee for further consideration, defer further consideration to a subsequent meeting, or submit its recommendation for disposition to the Director.
- I. The Commission may include in its recommendation such conditions, considerations, and rationale as it deems appropriate to its advice.

SECTION VI – REVIEW CONDITIONS

- A. The requirements listed in the Policy and Application are considered minimum expectations and simply meeting these requirements does not guarantee acceptance of the application.
- B. Preliminary approval, which may be granted by the Commission pending a more detailed proposal, does not guarantee final acceptance.
- C. No application will be denied without giving the Site Feature applicant an opportunity to appear before the Commission and advocate for the application.
- D. Each application must include a plan for fully funding the total cost of the Site Feature, including all design, site development and fabrication costs as well as funding for a maintenance and conservation endowment for the Site Feature. The endowment must be a minimum of 15 percent of the total project cost, including all professional fees and site development. The Commission reserves the right to require a larger endowment.
- E. All project funds, including the maintenance and conservation endowment, must be available before Site Feature construction may commence.

SECTION VII – APPLICATION APPROVAL

The Commission will review and make recommendations concerning a final agreement before such agreement approving a Site Feature between the State and a Site Feature applicant is executed.

State of Iowa Capitol Complex Site Feature Policy (continued)

GLOSSARY OF TERMS

“Capitol Grounds” means the exterior public space on the Iowa State Capitol Complex.

“Commission” means the Iowa State Capitol Planning Commission, created pursuant to Iowa Code §8A.371. The mailing address of the Commission is 1305 East Walnut, Hoover State Office Building, Des Moines, IA 50319.

“Committee” means the Site Features Advisory Committee, the members of which shall be appointed by the Commission chair person. The committee members shall include two commission members, a non-commission public member, the DAS Director or designee and the Department of Cultural Affairs Director or designee. The designees, if any, and the public member shall have expertise in the fields of art and design.

“Department” means the Department of Administrative Services. The mailing address of the Department is 1305 East Walnut, Hoover State Office Building, Des Moines, IA 50319.

“Director” means the director of the Department of Administrative Services. The Director, or the Director’s designee, is a member of the Commission and serves as its secretary.

“Iowa State Capitol Complex” means the buildings and grounds located within the contiguous geographical perimeter of state-owned property where the State Capitol building is situated. “Master Plan” means the master plan for the Iowa State Capitol Complex as provided for in Iowa Code § 8A.376.

“Site Feature” means, from the date of the adoption of this policy, any change on the Capitol Grounds in the physical configuration of the landscape or the placement of an object thereon, which is intended to be a work of public art or recognize patriotic, educational, cultural, or historical persons, events, or concepts. General references to “Site Features” in this policy do not include Temporary Site Features. “Site Feature” does not mean memorial trees, benches, or picnic tables.

“Temporary Site Feature” means a Site Feature that is intended to be placed on the Capitol Grounds for less than a year and for which Commission consideration is not required. Temporary Site Features must comply with the same Site Feature requirements but do not require Committee or Commission review.

“Public Art” means any original, permanent or semi-permanent work of art, in any medium, that is designed, created by and/or supervised by an artist and that has primarily aesthetic value or expresses symbolic meaning. Public art includes but is not limited to murals, statues, relief or other sculpture. It also includes monuments, fountains, arches, or other structures or spaces designed as a work of art. Where integrated with the landscape, public art may include the artistic placement of natural materials and other functional features designed as a work of art.

This definition shall not include objects that are mass-produced from a standard design or reproductions of original art works; decorative, ornamental or functional elements, which are designed by the project architect; landscape architecture and landscape gardening except where these elements are an integral part of the artwork by the artist; directional elements such as graphics, signage, or color coding except where these elements are integral parts of the original work of art; logos or corporate identity.

Public art may consist of a variety of media and materials; the same standards for durability and permanence applied to all Site Features will apply to public art. Where the durability of materials or their application are called into question, an independent art conservator or museums professional will be consulted.
