Prescription Drug Benefits		
Initial coverage	During this stage, you pay the following until your total yearly drug costs reach \$3,820. Total yearly drug costs are the total drug costs paid by both you and our Part D plan. You may get your drugs at network retail pharmacies and mail order pharmacies.	
30-day supply from a network pharmacy or 31-day supply from a long-term care facility	Tier	30-day supply
	Tier 1 (Generic)	\$10 copay
	Tier 2 (Preferred Brand)	\$30 copay
	Tier 3 (Non-Preferred Brand)	\$50 copay
	Tier 4 (Specialty)	\$50 copay
90-day supply from a network pharmacy or mail order	Tier	90-day supply
	Tier 1 (Generic)	\$20 copay
	Tier 2 (Preferred Brand)	\$60 copay
	Tier 3 (Non-Preferred Brand)	\$100 copay
	Tier 4 (Specialty)	\$100 copay
You may get 90-day supplies of drugs from retail pharmacies for the same cost as mail order. These pharmacies are called extended day supply pharmacies and are identified in the pharmacy directory. If you reside in a long-term care facility, you pay the same as at a retail pharmacy. If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Please refer to Chapter 5, Section 2.1 of the Evidence of Coverage for details.)		

Prescription Drug Benefits

Coverage gap

Begins once your total drug costs for the year reach \$3,820

Most Medicare drug plans have a coverage gap, which means there is a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug costs (including what our plan has paid and what you have paid) reaches \$3,820.

After you enter the coverage gap, you pay 25% of the negotiated price and a portion of the dispensing fee for brand-name drugs.

You also receive coverage for generic drugs. You pay either a \$10 copayment for Tier 1 Generic drugs or no more than 37% of the cost for generic drugs and the plan pays the rest.

You will need to use your formulary to locate your drug's tier. See the chart that follows to find out how much you will pay for these drugs in the coverage gap.

30-day supply from a network pharmacy or 31-day supply from a long-term care facility

Tier	Drugs Covered	30-day supply
Tier 1 (Generic)	All	\$10 copay

90-day supply from a network pharmacy or mail order

Tier	Drugs Covered	90-day supply
Tier 1 (Generic)	All	\$20 copay

Catastrophic coverage

After your yearly out-of-pocket drug costs (including drugs you purchased through your retail pharmacy and through mail order) reach \$5,100, you pay the greater of:

- 5% of the total cost, or
- \$3.40 copay for generic drugs (including brand drugs treated as generic) and \$8.50 copay for all other drugs.
