Your Step-by-Step Guide: One-Two-Three

Please read the information in this booklet carefully as the Enrollment and Change period is your only opportunity to review your options and choose the coverage best suited for you and your individual health circumstances.

Follow these steps to guide you through the Enrollment and Change process:

Step One

Review the Plan Options. For your convenience, this booklet has been divided into two sections depending upon your circumstances:

- **Retirees NOT eligible for Medicare.** This information begins on page 7.
- **Medicare-eligible retirees.** Start reading on page 13.

Step Two

Access additional resources, ask questions, and make your decision. See page 22.

Step Three

Proceed to Enrollment Options beginning on page 23.

Step 1 For Retirees NOT Eligible for Medicare

Review the Plan Options

Health Insurance Options (Non-Medicare)

For retirees NOT eligible for Medicare, there is one health care plan with two network options:

- **Iowa Choice** is a Health Maintenance Organization (HMO) offering access to a large selection of doctors and hospitals in Iowa and in counties sharing a border with Iowa.
- **National Choice** is a Preferred Provider Organization (PPO) offering access to a large selection of doctors and hospitals in Iowa and across the nation.

Your Non-Medicare Options and the Sick Leave Insurance Program (SLIP)

SLIP offers eligible State retirees the option of using the value of their unused sick leave balance to pay the State's share of their group health insurance premiums until they become Medicare-eligible.

While using SLIP, the retiree will still pay the same share of the premium an active State employee pays. Retirees can continue to use their SLIP account until the funds are exhausted or until they become eligible for Medicare (usually at Age 65).

You will receive a letter from DAS when you are a few months away from exhausting your SLIP account, turning age 65, or if your dependent is turning age 65.

Medicare and the Iowa Choice/National Choice Options Explained

You may continue your State-sponsored health coverage when you become eligible for Medicare, but you still need to sign up for Medicare. Please note: If you become Medicare-eligible prior to age 65, you will need to notify DAS-HRE.

- Medicare will provide your primary health insurance coverage.
- After Medicare pays, your Iowa Choice or National Choice State option pays the remaining covered costs.
- If you have dependents on your insurance who are not eligible for Medicare, Wellmark will continue to be their primary coverage.
- The benefit design of both Iowa Choice and National Choice do not change as a result of your retirement.

Iowa Group MedicareBlue Rx with Iowa Choice or National Choice

If you are eligible for Medicare and choose Iowa Choice or National Choice, you can **significantly reduce your Wellmark premium** for either option by enrolling in Iowa Group MedicareBlue Rx.

Iowa Group MedicareBlue Rx and Wellmark will work together for your prescription needs. Enrollment in the Iowa Group MedicareBlue Rx plan significantly reduces the amount Wellmark pays for prescription drug coverage. These savings are passed along to you in the form of lower premiums for your Iowa Choice or National Choice health coverage.

Additional information regarding Iowa Group MedicareBlue Rx:

- The Iowa Group MedicareBlue Rx plan was created specifically for State of Iowa retirees.
- **Iowa Group MedicareBlue Rx is the only Medicare Part D plan which will lower your health insurance premiums.**
- **If you drop the Iowa Group MedicareBlue Rx plan and purchase another Medicare Part D plan, you will pay the higher Wellmark premium.**

Group Program F and Group Program N Explained

Iowa's Group Program F and Group Program N (State of Iowa retiree group plans) are identical to the Medicare Supplement Plan F and Plan N you can purchase individually.

Group Program F and Group Program N only cover Medicare-eligible expenses. As long as Medicare covers the service, it will be covered by Group Program F or Group Program N.

Eligibility for Group Program F and Group Program N

You are eligible to enroll in the State of Iowa's Group Program F and Group Program N if:

- You are eligible for Medicare.
- Your dependent is also eligible for Medicare. This means you **may not** elect Group Program F or Group Program N and also enroll your dependent in Iowa Choice or National Choice single coverage.

Group Program F and Program N are only available as single contracts. Therefore, you and your dependent may choose to:

- Both enroll in Group Program F.
- Both enroll in Group Program N.
- One enroll in Group Program F and the other enroll in Group Program N.

Group F and N Benefits Overview

The table below shows basic information about the different benefits Group Program F and Group Program N policies cover. If a percentage appears, the program covers the percentage of the benefit for eligible Medicare expenses. You pay the rest.

Comparison of State of Iowa Group Programs F and N		
Benefits	F Pays	N Pays
Medicare Part A coinsurance and hospital costs (up to an additional 365 days after Medicare benefits are used)	100%	100%
Medicare Part B coinsurance or copayment	100%	100%*

Notice of Creditable Coverage for Medicare-Eligible Retirees

Medicare requires the State to notify Medicare-eligible retirees whether their State prescription drug coverage is Creditable Coverage (meaning it is as good as or better than the standard Medicare prescription drug coverage - Part D.) To avoid paying a penalty or higher premium, keep a copy of the notice on the next three pages should you decide to join a different Medicare Part D drug plan in the future.

Important Notice from the State of Iowa to Medicare Eligible Participants Regarding Your State of Iowa Prescription Drug Coverage and Medicare 2021

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the State of Iowa and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The State of Iowa has determined that the prescription drug coverage offered by the State of Iowa Active Employee and Retired/Disabled Direct Pay Group is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays, and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

State employees: If you decide not to join a Medicare drug plan, your current State of Iowa coverage will not be affected.

State retirees enrolled in Iowa Choice or National Choice: Medicare-eligible retirees may keep Iowa Choice or National Choice coverage with or without enrollment in Part D. Retirees have a voluntary option of coordinating pharmacy benefits with MedicareBluesm Rx. This coordination between Wellmark and MedicareBluesm Rx will result in a reduction (savings) in the Wellmark monthly premium paid by you.

State retirees enrolled in Group Program F or Group Program N: Medicare-eligible retirees may keep the State of Iowa coverage with or without enrollment in the MedicareBluesm Rx.

If you are a State retiree and you drop your current State of Iowa group health insurance coverage altogether, be aware that you and your dependents will not be able to rejoin the State of Iowa group.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the State of Iowa and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Please call the contact listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the State of Iowa changes. You also may request a copy of this notice at any time.

For More Information about Your Options under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
