

## myWellmark® - Managing Your Health Benefits

February 2019

myWellmark® is a personalized website with the tools, resources, and insights you need to help manage your health care spending and live a healthier life. Wellmark recently updated myWellmark to create an easy-to-use, self-serve, personalized digital experience accessible to you on any of your devices.

With myWellmark, you will be able to:

- Access benefit information specific to your health coverage option.
- Find a doctor or provider in either the Iowa Choice (Blue Access) or National Choice (Alliance Select) networks.
- Estimate the cost of care for procedures and services before you go.
- Get helpful well-being content, news, and relevant special alerts.
- Download a mobile app complete with one-touch fingerprint and facial recognition logins (if device supports).
