

Iowa Department of Administrative Services – Human Resources Enterprise
Job Classification Description

Insurance Company Examiner Specialist 2

Definition

Acts as an expert/specialist in a specific area of insurance holding companies; trains and advises staff and provides technical advice to the Iowa Insurance Division; performs related work as required.

The work examples and competencies listed below are for illustrative purposes only and not intended to be the primary basis for position classification decisions.

Work Examples

Develops ratio analysis and performs in-depth review of financial statements of both public and nonpublic holding companies where Iowa is considered the lead U.S. insurance regulator; holds periodic meetings with group management; listens to all public earnings calls or investor events.

Reviews highly-sensitive documents that the group's management shares with its board of directors.

Performs analysis of insurers' own risk and solvency assessments; meets with company senior management to discuss findings; determine if a targeted examination is necessary.

Conducts analyses of holding companies' corporate governance; reviews corporate governance filings and documents deficiencies; engages with the group's management/board to resolve deficiencies; determines if a targeted examination is necessary and secures the resources needed for the examination.

Oversees the review of the enterprise risk filing; reviews, documents, and understands the risk management reports of the group.

Organizes, plans, and oversees annual supervisory colleges for groups where Iowa is the group-wide supervisor.

Performs examinations of groups' operations; travels to review operations of the group.

Competencies Required

Knowledge:

- Law and Government – Laws, legal codes, court procedures, precedents, government regulations, executive orders, agency rules, and the democratic political process.
- Economics and Accounting – Economic and accounting principles and practices, the financial markets, banking and the analysis and reporting of financial data.
- English Language – The structure and content of the English language, including the meaning and spelling of words, rules of composition, and grammar.
- Mathematics – Arithmetic, algebra, geometry, calculus, statistics, and their applications.

- Administration and Management – Business and management principles involved in strategic planning, resource allocation, human resources, leadership technique, and coordination of people and resources.

Abilities:

- Law and Government – Understand and adhere to applicable laws, legal codes, administrative rules, and regulations.
- Deductive Reasoning – Apply general rules to specific problems to produce answers that make sense.
- Inductive Reasoning – Combine pieces of information to form general rules or conclusions.
- Oral Expression – Communicate information and ideas in speaking so others will understand.
- Mathematical Reasoning – Choose the right mathematical methods or formulas to solve a problem.
- Problem Sensitivity – Tell when something is wrong or is likely to go wrong. It does not involve solving the problem, only recognizing there is a problem.

Skills:

- Critical Thinking – Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
- Reading Comprehension – Understanding written sentences and paragraphs in work related documents.
- Complex Problem Solving – Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
- Active Learning – Understanding the implications of new information for both current and future problem-solving and decision-making.
- Monitoring – Monitoring/Assessing performance of yourself, other individuals, or organizations to make improvements or take corrective action.

Minimum Qualification Requirements

Applicants must meet at least one of the following minimum requirements to qualify for positions in this job classification:

- 1) Graduation from an accredited four-year college or university with a degree in insurance, accounting, or finance, and experience equal to ten years of full-time work in insurance company examination, financial analysis, enterprise risk management, or corporate governance.
- 2) Graduation from an accredited college or university with a master's degree in business administration, and experience equal to five years of full-time work in insurance company examination, financial analysis, enterprise risk management, or corporate governance.
- 3) Current, continuous experience in the state executive branch that includes five years of full-time work as an Insurance Company Examiner Specialist.

Notes

Travel, including overnight, out-of-state, and international travel, may be required for positions in this class. Employees must arrange transportation to and from assigned work areas.

Positions in this class are exempt from the screening and referral requirements of the Iowa Department of Administrative Services – Human Resources Enterprise. Apply directly to the Insurance Division of the Iowa Department of Commerce.

Effective date: 05/16 SA
