Program Basics

The Iowa Retirement Investors' Club (RIC) is your employer's supplemental retirement savings benefit designed to help eligible* employees save a portion of current wages for future income needs. RIC contains two plans: a 457 plan to hold employee contributions and a 401a plan to hold qualified roll-in assets. Participants enjoy:

- Contributions through payroll deduction - minimum $25/mo, maximum $18,000/yr, $24,000/yr if age 50+ (ability to contribute up to $36,000 with the 3-Year Catch-Up limit if available in your plan*)
- Tax advantages (pretax and Roth, if offered in your plan), including a possible tax credit of up to $1,000
- Diversified, no-load, low-cost investment options
- Flexible payment options (once eligible) with no surrender penalties or product restrictions

Eligible outside retirement plan assets such as non-Roth IRAs, 401ks, 403bs, 457s, etc. may be rolled into/out of RIC at any time.

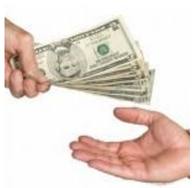
Enroll/Change

Enrollment is year-round. Options for enrollment include meeting with a RIC provider representative (no additional cost), using a provider's online resources (if available), or requesting a kit by mail. The provider has everything you need to open the 457/401a accounts, select investments, and begin payroll deductions (provider contact information below). Local advisor information for each provider is available under *Providers & Investments* on the RIC website.

Changes to payroll deductions, investment/ provider election, and advisors may be made at anytime without fees or restrictions. To change existing payroll deductions, complete the *RIC Account Form* available from your employer's plan details page* on the RIC webiste.

Distributions

While employed, distributions are only available due to approved unforeseeable emergency withdrawals, inactive small account cashouts, or attainment of age 70 ½. Requests for distributions while employed are submitted to the RIC office.



Once separated from employment, distributions are not required until age 70 ½. Options include staying invested in RIC, taking cash, or rolling to an outside retirement plan (including IPERS). Cash distributions may be taken as lump sums, flexible periodic payments, lifetime annuities, or any combination. RIC products have no surrender charges or restrictions. 457 plan assets have no early withdrawal penalty due to age. Taxable distribution of 401a plan assets prior to age 59 ½ may result in IRS 10% penalty. Requests for distributions after separating from employment are submitted directly to the RIC provider.

Investment Provider

Your employer chose one or more of the providers to the right to offer diversified investment options to participants in RIC. Options include fixed rate accounts, no-load mutual funds (index, actively managed, target-date) and brokerage accounts. RIC providers have advisors available to explain the investments and answer questions at no extra cost. Providers must meet RIC plan requirements and undergo annual investment reviews.

You may make changes to your investment options online, by phone, or with an advisor at any time. There are no annual contract fees or transfer fees within the provider offerings or between RIC providers.
